## MALARIA AN INSIDIOUS FOE TO HEALTH

Malaria is an atmospheric poison which we unconsciously breathe into our lungs through the impure air arising from low, marshy places, stagnant ponds, damp cellars, sewer pipes, improperly ventilated houses, decaying vegetable matter, etc. Day after day these germs and poisons are taken into the lungs, and as the blood passes through them it becomes infected with the poison and in its circulation distributes the microbes of disease to all parts of the body. Malaria is a very insidious disease; it gives no warning of its coming until the circulation is filled with the poison and this foe to health has the system at its mercy. The blood becomes polluted, thin and weak and its slow, irregular circulation fails to properly nourish and strengthen the body. Then the entire system is attacked, and if the germs and poisons of Malaria are allowed to remain the strongest constitution will break down. No one can feel well when the system is in a malarial condition; the vitality is weak, the appetite poor, digestion deranged, the complexion grows sallow and the entire body feels the effects of the poison. Malaria must be removed from the system through the circulation and the only medicine that can accomplish this is S. S. S. It not only cleanses the blood of all unhealthy morbid matter, but destroys the germs, cures Malaria and restores this vital fluid to a strong, healthy condition. S. S. S. is made of roots, herbs and barks combining purifying and tonic properties which keep the blood free of all poisons and the system in perfect condition. While destroying the germs of Malaria and building up the weak polluted blood S. S. S. gives tone and vigor to the entire system. Book on the blood and any medical advice without charge.

### JUBILEE SINGERS

Ferguson's Dixie Jubilee Concert Company will appear in the Central Church Wednesday evening, May 9. The company consists of three ladies and four gentlemen. They render Jubilees, Plantation Songs, Negro Melodies' Camp-Meeting Songs, Negro Lullabies, Home, Cabin and River songs of the old slavery days etc. Choruses, quartettes, trios, and solos. This will be a musical event and no doubt a large audience will attend. Seats may now be reserved at Seider's store. Tickets 50 cents, children 25 cents.

John Merritt Driver of the Peoples' Church, Chicago says of them: "Ferguson's Dixie Jubilee Singers gave unbounded satisfaction in this very musical and a very critical city. Sousa's Band never won more tremendous encores, and never responded more gracefully and graciously."

### SEED POTATOES

We have just received a car load of seed potatoes which we imported from the east. The variety is known as the Early Rural Yorkers, a heavy yielder. This car was delayed in transit, therefore we offer them very low in order to move them quickly.

### FARMERS

Now is the time to do your fencing, you need fenceposts, we have them for sale. Our post were cut from green fur and tamarack trees and are thoroughly dry. We have about 5000 of them which we must dispose of this spring. We will exchange them for live stock, hay, grain, eggs, potatoes or other produce. Leave orders at The Golden Rule or at No. 1606 Sixth Street. Also dry cord-wood for sale in any quantity.

# UNION COUNTY

Union County presents to the home seeker a greater number of diversified industries than any county in the state, outside of Multnomah county which is practically Portland.

We do not believe that there is another county in the Inland Empire that can show fourteen different industries whose total annual revenue produces an average of \$193,000.00 cash.

The annual report of the State labor Commissioner, places Union County third in the state, in the employment of labor

It requires 194 solid trains of forty cars each to carry the produce of our county to the market, more than a train every other day throughout the year.

"An admirable climate." The past winter only for a few hours did the mercury reach zero. No excessive heat in the summer and our cool refreshing nights cannot be appreciated by the residents of the east until they are permitted to enjoy them.

Our soil is rich and productive. Were we to mention yields they would not be believed. The only way to become acquainted with this "Garden of Eden" is to personally visit this land of diversity, as when you see the crops growing and harvested they speak for themselves.

Our forests will require many many decades of the present activity before they begin to yield and we now have thirty or more saw mills which give employment the year round in the mills and logging camps

The only sugar beet factory in the state is located at La Grande, the County Seat of Union County with a population of 5,000, progressive wide awake people who extend the glad hand to all. This is the commercial, educational and social center of the county.

La Grande is known as the railroad town of the O. R. & N. Co. whose annual payroll at this place exceeds \$300,000.00. From here the branch road is now pushing through the northern part of this county, on into the Wallowa County, starts a freight division, machine shops, round houses, and one of the largest railroad yards on the system, and train dispatchers office. The public schools of La Grande are second to none in cities of this size in this state. We now have three buildings and a fourth, an eight room brick building in course of construction, giving employment to twenty-two teachers. The principal office of the Grande Ronde Electric Co. is located in this city. This Company furnishes power and light for the city of La Grande, Island City, Cove, Union, and the Hot Lake Sanatorium.
