TREASURER'S CALL FOR WARRANTS

County Treasurer Frawley has another call for city warrants in this issue. This makes \$100,641.15 that he has paid out during the month of April. He says he will soon fix the county debt, if they turn it over to him. However he would like for it to come in more regular, as he has been compelled to work on an average of twelve hours a day all of this month. However he says that he read in some standard authority several years ago that hard work never killed anyone, and he guesses his toast.

The supreme court meets in Pendleton next Monday.
