The La Grande Republican Club should get busy during this campaign. There is plenty of work to do.

Don't forget to vote No on the bill proposed by initiative petition for the purchase of the old Barlow wagon road. This is simply a graft, in other words the present owners desire to unload an old unused trail onto the state for \$24,000.

The amendment to the constitution to be voted upon in June, providing the referendum may be demanded by the people against one or more items, sections, or parts of any act of the legislative assembly in the same manner in which such power may be exercised against a complete act, also granting every municipality and district power to initiate new laws or refer such laws as may be passed direct to the people. This is a good law and should receive the support of every voter. Cities under this law may amend their charters without going before legislature, provided a majority of the votes of the city want it amended, and the vote will tell whether or not the people want any changes made.

Mr. Randall, the Republican candidate for sheriff, is practically the only nominee on the Republican ticket who either does not live directly in or immediately adjacent to La Grande. Think well before you cast your vote in June. La Grande cannot afford to appear clanish, and when the vote is counted, the record wants to show that any county nominee outside of La Grande has secured his party vote in La Grande. The is sound logic that should apply to all parties. Under the primary law, owing to La Grande's large vote, it may frequently occur that quite a percentage of the nominees of both parties may be selected from this city or immediate vicinity, and a precedent should be established at this election, that all successful nominees in any part of the county will know that they will receive their party vote here. La Grande must see that this condition exists. This primary law is rather peculiar and a few votes may make quite a change in the location of the nominees to illustrate a change of three votes would have given Elgin the representative, a change of 12 votes would have given Elgin the county judge, a change of 29 votes would have given Elgin the sheriff and a change of 36 votes would also have given Elgin in addition to the above three, a commissioner. In other words a change of only 36 votes would have given Elgin everything on the county ticket, but Clerk, Recorder, Treasurer, and Coroner. We heartily endorse the primary law, at the same time, it is subject to many surprises.

**VOTERS ATTENTION**

Because you swore at the primary election does not give you the privilege of voting at the regular election, and if you have not registered, you will be obliged to swear in your vote again at the general election if you do not register on or before May 15th. Remember the registration books close May 15th.

**Do You Want to Know**

**What You Swallow?**

There is a growing sentiment in this country in favor of MEDICINES OF KNOWN COMPOSITION. It is but natural that one should have some interest in the composition of that which he or she is expected to swallow, whether it be food, drink or medicine. Recognizing this growing disposition on the part of the public, and satisfied that the fullest publicity can only add to the well-earned reputation of his medicines, Dr. R. V. Pierce, of Buffalo, N. Y., has taken time by the forelock, as it were, and is publishing broadcast a list of all the ingredients entering into his leading medicines: the "Golden Medical Discovery" the popular liver invigorator, stomach tonic, blood purifier and heart regulator; also of his "Favorite Prescription" for weak, over-worked, broken-down, nervous and invalid women. This bold and outspoken movement on the part of Dr. Pierce, has, by showing exactly what his well-known medicines are composed of, completely disarmed all harping critics who have heretofore unjustly attacked him. A little pamphlet has been compiled, from the standard medical authorities of all the several schools of practice, showing the strongest endorsements by leading medical writers of the several ingredients which enter into Dr. Pierce's medicines. A copy of this little book is mailed free to any one desiring to learn more concerning the valuable, native, medicinal plants which enter into the composition of Dr. Pierce's medicines. Address Dr. Pierce as above.

Dr. Pierce's Pleasant Pellets are tiny, sugar-coated anti-bilious granules. They regulate and invigorate stomach, liver and bowels. Do not forget the "pill habit," but cure constipation. One or two each day for a laxative and regulator, three or four for an active cathartic. Once tried always in favor.
