when it is placed before you, perfectly cooked and in generous proportions. How we manage to serve such meals at such modest prices is a mystery to every housekeeper in town.

INSOMNIA

This is a trouble in which Osteopathy has achieved extraordinary results, sometimes seeming to almost border on the miraculous. The results are permanent and are often achieved with remarkable quickness. Peaceful sleep frequently results after a very few treatments even in old cases of the trouble. Occasionally a case presents greater difficulties, but it may be said that in few other troubles may relief be as confidently expected through Osteopathy.

CHAIN GANG AT WORK.

Wednesday morning a gang of six prisoners from the city jail was put to work on the streets under the care of an armed guard. These men were all arrested and fined for being drunk and disorderly, and in default of payment of fines, were put to work on the streets. From the appearance of things Elgin will have a gang of this kind at work all summer. The town is full of strangers occasioned by the railroad building and most of them are hard drinkers. The city jail is loaded almost every night to its fullest capacity, and Tuesday night it sheltered six drunks. The police are kept busy keeping the streets clear.—Elgin Recorder.
