

LOOTERS HUSTLED TO ROCK PILES

(Scripps News Association)
San Francisco, May 15—Pending the adjustment of fire losses and opening of banks, the work of reconstruction on a large scale held in abeyance. At present there are twenty thousand men at work on the burned districts but this force will be tripped within the next few days, by which time most banks will be open for business and more cash will be available. The action of the Board of Supervisors, granting united railroads permission to erect trolley poles will bring about a speedy resumption of street car service, which will itself greatly facilitate the reconstruction work. Under ground trolleys have been advocated but that would postpone the assistance indefinitely.

Six bodies were unearthed today and no doubt more will follow.

GUARD UNDER ARREST

Private Merriweather was placed under arrest for insulting a lady last evening. A court martial will follow.

Three looters were arrested in the ruins at Sutter and Van Ness avenues this morning and taken to the rock piles without the formality of a trial.

UNDERWRITERS ADJUSTING LOSS

The underwriters adjusting committees will meet in a secret session tomorrow for the purpose of apportioning the large losses. Forty have already been apportioned, and sub-committees are at work on other losses.

MANILA TROOPS ARRIVE

The transport Logan arrived with a thousand men of the eighth infantry from Manila and will go to the forts at Jay and Slocum.

COUNTY DIVISION IS TO BE AN ISSUE

Geo. Holmes, of the Cove, is to be An Independent Candidate Favoring Division

Petitions are being circulated in the Cove and Union to place Geo. Holmes of the Cove on the official ballot as an independent candidate for the legislature. It is understood that he will make the campaign on the issue of county division, which he favors. A phone message was received from prominent citizens of the

Cove, this afternoon, who emphatically stated that Mr. Holmes would meet with bitter opposition from that section of the county, from both Democrats and Republicans, who were not in favor of division and that the whole thing was a move on the part of Union and they did not propose to stand for it.

MAD MAN TERRORIZES COMMUNITY

(Scripps News Association)
Atlanta, Geo., May 15—J. H. Clark, a night telegraph operator at Chamblee, twelve miles distant, went insane while on duty last night and killed W. J. Checks, seriously injured Will Purcell, C. Purcell, W. S. Mast, and W. J. Coke. Armed with a revolver and rifle with plenty of ammunition he is still at large with a posse pursuing him. Business at Chamblee is suspended, the home closed and inhabitants housed in fear of their lives. Clark started his bad performance by setting fire to the Purcell home, and when an attempt was made to extinguish the flames he fired upon the inmates wounding many. Check met his death when he refused to sell the insane man some ammunition.

Later—When the posse finally succeeded in trapping and capturing Clark, he shot himself and was dead when the police reached the body.

UNION COUNTY

Union County presents to the home seeker a greater number of diversified industries than any county in the state, outside of Multnomah county which is practically Portland.

We do not believe that there is another county in the Inland Empire that can show fourteen different industries whose total annual revenue produces an average of \$193,000.00 cash.

The annual report of the State labor Commissioner, places Union County third in the state, in the employment of labor.

It requires 194 solid trains of forty cars each to carry the produce of our county to the market, more than a train every other day throughout the year.

"An admirable climate." The past winter only for a few hours did the mercury reach zero. No excessive heat in the summer and our cool refreshing nights cannot be appreciated by the residents of the east until they are permitted to enjoy them.

Our soil is rich and productive. Were we to mention fields they would not be believed. The only way to become acquainted with this "Garden of Eden" is to personally visit this land of diversity, as when you see the crops growing and harvested they speak for themselves.

Our forests will require in many decades of the present activity before they begin to yield and we now have thirty or more saw mills which give employment the year round in the mills and logging camps.

The only sugar beet factory in the state is located at La Grande, the County Seat of Union County with a population of 5,000, progressive wide awake people who extend the glad hand to all. This is the commercial, educational and social center of the county.

La Grande is known as the railroad town of the O. R. & N. Co. whose annual payroll at this place exceeds \$500,000.00. From here the branch road is now pushing through the northern part of this county, on into the Willamette County, starts a freight division, machine shops, round houses, and one of the largest railroad yards on the system, and train dispatchers office. The public schools of La Grande are second to none in cities of this size in this state. We now have three buildings and a fourth, an eight room brick building in course of construction, giving employment to twenty-two teachers. The principal office of the Grande Ronde Electric Co. is located in this city. This Company furnishes power and light for the city of La Grande, Island City, Cove, Union, and the Hot Lake Sanatorium.
