is fast superseding old-fashioned cod liver oil and emulsions because, without a drop of oil or disagreeable feature, it contains all the medicinal elements of cod liver oil, actually taken from fresh cods' livers. By our process the oil, having no value either as a medicine or food, is separated from the medicinal elements and thrown away. Unlike old-fashioned cod liver oil and emulsions, Vinol is deliciously palatable, agreeable to the weakest stomach, and therefore unequaled as a body builder and strength creator for old people, puny children, weak, run-down men and women, after sickness, and for all pulmonary diseases.
