INSPECTIONS PLEASES OFFICERS

The inspection of Company L last evening was most satisfactory. Adjutant General Frinze addressed the company in with a few well chosen words and told of the great necessity of good marksmen, and told of the support the state would give the local and other companies, provided the men would practice shooting. Col. J. M. Poorman also addressed the officers and men and talked along the same lines the General did. The Colonel complimented the company on the good marksmen in its ranks, and concluded his remarks with presenting the decorations for two sharpshooters and six marksmen. The following received decorations.

Dr. Pierce's Favorite Prescription

Is a powerful, invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. The local, womanly health is so intimately related to the general health that when diseases of the delicate womanly organs are cured the whole body gains in health and strength. For weak and sickly women who are "worn-out," "run-down" or debilitated, especially for women who work in-store, office or schoolroom, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription has proven a priceless benefit because of its health-restoring and strength-giving powers.
As a soothing and strengthening remedy, "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuritis, hysteria, spasms, chorea, or St. Vitus' dance, and other distressing nervous symptoms commonly attended upon functional and organic disease of the womanly organs. It induces refreshing sleep and relieves mental anxiety and despondency.
Cures obstinate cases. "Favorite Prescription" is a positive cure for the most complicated and obstinate cases of female weakness, painful periods, irregularities, prolapsus or falling of the pelvic organs, weak back, bearing-down sensations, chronic congestion, inflammation and ulceration.
Dr. Pierce's medicines are made from harmless but efficient medical roots found growing in our American forests. The Indians knew of the marvelous curative value of some of these roots and imparted that knowledge to some of the friendlier whites, and gradually some of the more progressive physicians came to test and use them, and ever since they have grown in favor by reason of their superior curative virtues and their safe and harmless qualities.
Your druggists sell the "FAVORITE PRESCRIPTION" and also that famous alternative, blood purifier and stomach tonic, the "GOLDEN MEDICAL DISCOVERY." Write to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him at the Invaluable Hotel and Surgical Institute, Buffalo, N. Y., of which he is chief consulting physician.

LORD CROMER'S REPORT.

(Scripta News Association)
London, May 14.—The Earl of Cromer's annual report upon Egypt and the Sudan has just been issued. In the light of the dispute between Egypt and the Porte special interest attaches to a detailed statement on the barbarism and degradation prevailing among the tribes in the Sinai Peninsula and the efforts made to introduce more human usages and better order. The measures taken include the erection of barracks and organization of police, while a telegraphic line and road for motor carts are projected. The economic condition of the country is declared to be good, and Lord Cromer says there is every reason to believe that the steady and uniform rate of progress will be maintained in future years, but nowhere must there be undue haste.
As to the Sudan the population is estimated at 1,855,000, including a conjectural figure of 400,000 for the Bahri-Gazal. The labor question in the Sudan already presents considerable difficulties, and these difficulties are likely to increase as time goes on. The rate of wages has risen everywhere, and demand, both on the part of Government and of private individuals, is greater than the supply.
During the past year only one slight accident occurred to a European. An officer was charged by a leopard, which he had mortally wounded, but after receiving some severe bites, he managed to throttle the animal with his hands. Among the natives who are less well armed, accidents are more frequent. Mr. Butler reports the case of an Arab who attacked a lion with only a spear, and killed it with a single thrust, but was himself killed by a blow delivered simultaneously by the paw of the animal. The report concludes with the warning that if the Sudan is to be effectually reclaimed from savagery, there must be no undue haste. The progress of the Sudan depends upon steady, continuous, unostentatious and combined efforts along the lines of a well defined policy, from which there should be no divergence.

AN ACTOR FINED

Thomas Coyne, a member of the show troupe which was here last night, was taken in tow by Chief of Police Rayburn this morning, for riding a bicycle on Jefferson avenue. He was brought before Recorder I. R. Snook and fined \$5.00, which amount was promptly paid. Mr. Coyne is the leading man with the "California Girls," while the rest of the troupe were running races and playing ball, while waiting for the delayed train, he was taking a rambl' oen wheel, to his sorrow.
