A WONDERFUL SHOW

The greatest success achieved in the past by any Uncle Tom's Cabin Company is that won by John F. Stowe's, which will appear at La Grande, Thursday, May 17 under a mammoth water-proof tent, with a seating capacity of two thousand seats, including five hundred opera chairs, with a stage sixty-four feet, the largest ever known under a tent. Of all the dramatic successes known there are none

that equals this great play. It is established in popular favors and needs no indorsement from our press. It is sufficient to say that it will be presented by an excellent company of twenty players, with new and elaborate scenery gotten up for this season's tour. This large company also carries a challenge band composed of twenty solo artists under the direction of Prof. Hayworth, which will give a noon-day concert. Don't fail to see the big show on May 17th. Prices 25-35.

The officers elected were: Pres.—Ralph Hanson, 1st. vice—Frances Massee, 2nd. vice—Elmer Stoddard, Sec.—Be Green, Ass't sec.—Don Scott, Reporter—Will Neil, Ass't reporter—Carpy, Sargent at arms—Virgil Bolton, Chorister—Alberta Hopper.

VALUABLE RELICS

Mr. and Mrs. Dearlove who reside at Oro Dell, were callers at the Observer office yesterday and exhibited a newspaper, "The Reading Post," published in London in the year 1733. The paper has been in the possession of the Dearlove family for over one hundred years.

The other relic is a chart upon which is pictured the advancement of the human race, from the time of Adam to the year 1721. The paper in both instances was in first class preservation and appeared to be able to stand another hundred years or so without loss.

THINK LEADER IS BILL MINER

Vancouver May 16 General Supt. Marpole returned to Kamloops this morning and says there is no doubt but the identity of the arrested men is that of the train robbers. He is very positive that the old man is Bill Miner and in any case can be identified as the leader of the hold-up in September. The system of surveillance of suspicious characters will be re-established, as a large number of men are coming from the states.

BUILD ONE MORE SHIP

(Scripps News Association)

Brooklyn, N. Y. May 16—The construction bureau of the Navy department is willing to undertake to build the 20,000 tons battleship provided for in the pending Naval Appropriation bill, and on the basis of the experience acquired in the construction of the Connecticut at the New York navy yard, the constructors feel sure that they can execute this task with reasonable dispatch at a minimum of cost. A careful estimate limits the time allowed for construction to forty-eight months and the cost to \$10,000,000. The New York navy yard is found to be the only place available and suitable for this work, having the necessary slip room and the machine plant and cranes required for economical work on the large scale involved in the building of such a ship. The officers and employees of the navy yard are quite elated over the prospect of continued activity at the yards for several years.

TREATMENT OF NERVOUS DISEASES

A host of afflictions come naturally in the category of "nervous" diseases; and Osteopathy as naturally provides the rational treatment for all of them. whether it be nervous headache or nervous prostration, the removal of obstructions to the proper distribution of the nerve force and bodily fluids, permitting Nature in the body to act normally, is the rational cure.

Many sufferers may say that they have no deformities that could possibly obstruct circulation; but the fact is that no noticeable deformity is required to cause trouble.
