

# GRAND REPUBLICAN RALLY TO-NIGHT

## NOTED SPEAKERS WILL ADDRESS VOTERS

**DR. JAMES WITHYCOMBE AND JUDGE H. M. CAKE TO DELIVER PRINCIPLE ADDRESSES**  
**OTHER NOTED SPEAKERS WILL ALSO SPEAK**

Tonight will mark the formal opening of the Republican Campaign in this city. Arrangements are complete and the speakers have all arrived. Dr. James Withycombe, candidate for Governor, is accompanied by the Hon. H. M. Cake of Portland, Hon. Walter L. Toose of Woodburn, Judge Ellis, candidate for congress from this district, Willis S. Dunnaway, candidate for State printer, J. H. Ackerman, candidate for re-election state superintendent of Public instruction. These gentlemen will all address the meeting tonight. So far throughout the state these gentlemen have met with most enthusiastic reception, but, from present indications, La Grande is going to out do all others tonight. As more speakers have arrived Mr. Bartlett, president of the La Grande Republican Club, has been able to make several changes in the program as announced in yesterday's paper.

The revised program appears below. Dr. Withycombe and party left this morning for Elgin where he will address a meeting this afternoon, after which they will return to La Grande in time to attend the meeting here. A reception will be tendered the visiting gentlemen at the Hotel Foley this evening at seven thirty. We again publish the list of committees in order that all may be notified.

The quartette mentioned in the program which follows is the best male quartette that could be found in Portland. They are exceptionally good singers and will undoubtedly please all who hear them.

The reception committee is requested to meet at the Foley house promptly at 7:30 and meet the speakers of the day. Ladies are especially invited to attend the meeting.

# UNION COUNTY

Union County presents to the home seeker a greater number of diversified industries than any county in the state, outside of Multnomah county which is practically Portland.

We do not believe that there is another county in the Inland Empire that can show fourteen different industries whose total annual revenue produces an average of \$195,000.00 cash.

The annual report of the State labor Commissioner, places Union County third in the state, in the employment of labor.

It requires 194 solid trains of fourty cars each to carry the produce of our county to the market, more than a train every other day throughout the year.

"An admirable climate." The past winter only for a few hours did the mercury reach zero. No excessive heat in the summer and our cool refreshing nights cannot be appreciated by the residents of the east until they are permitted to enjoy them.

Our soil is rich and productive. Were we to mention fields they would not be believed. The only way to become acquainted with this "Garden of Eden" is to personally visit this land of diversity, as when you see the crops growing and harvested they speak for themselves.

Our forrests will require man many decades of the present activity before they begin to yield and we now have thirty or more saw mills which give employment the year round in the mills and logging camps.

The only sugar beet factory in the state is located at La Grande, the County Seat of Union County with a population of 5,000, progressive wide awake people who extend the glad hand to all. This is the commercial, educational and social center of the county.

La Grande is known as the railroad town of the O. R. & N. Co. whose annual payroll at this place exceeds \$300,000.00. From here the branch road is now pushing through the northern part of this county, on into the Wallowa County, starts a freight division, machine shops, round houses, and one of the largest railroad yards on the system, and train dispatchers office. The public schools of La Grande are second to none in cities of this size in this state. We now have three buildings and a fourth, an eight room brick building in course of construction, giving employment to twenty-two teachers. The principal office of the Grande Ronde Electric Co. is located in this city. This Company furnishes power and light for the city of La Grande, Island City, Cove, Union, and the Hot Lake Sanitorium.

### SPECIAL MEDICINE

#### SUPERSEDED

BY THE GENERAL OSTEOPATHIC TREATMENT—IT SIMPLY FREES UP THE CIRCULATION, GIVING NATURE A CHANCE TO DO HER BEST

In specific diseases Osteopathic treatment is always specific, aiming to do away with definite misadjustments which affect the organs or parts involved.

But there is also the general treatment and those who have never had experience with Osteopathy can form no idea of its merits in bettering the general condition of the body. For those who are troubled with ill feelings in the Spring, with languorous tiredness—and few men are so afflicted with "Spring fever"—Osteopathic treatment is the thing needed.

#### RESTORING VIGOROUS CIRCULATION

It may be that slight misadjustments will be found, as in cases of definite disease, and these are contributory causes that the Osteopath promptly corrects; but even if no such misadjustments are found, the manipulative treatment is highly beneficial. Stretching and easing

the spine gives nerves a better chance to do good work; invigorates the organs of excretion so that the body more easily relieves itself of waste matter; promotes better circulation to every part; and invariably makes the patient feel better. Many people of prominence in the professions, in business and in social life, who have learned these things and learned them thoroughly, take an occasional Osteopathic treatment even when in perfect health and regard it as "one of life's best luxuries."

#### VIGOR THWARTS DISEASE

It is not regarded as a luxury because there is anything particularly pleasant about the treatment itself—although it is seldom disagreeable and never harsh; but because it helps the body to maintain its suppleness and vigor, so thwarting disease and giving increased capacity for work, for study, for enjoyment. The possibilities of good in life are bounded chiefly by health conditions; and to the man or woman who is absolutely well—whose blood courses in freedom and purity, whose nerves are ever at their best—nothing is impossible; and life's trials and struggles come only that new triumphs may be recorded.—Right Way.

#### RESUMED WORK

Dr. J. L. Reavis of Reavis Bro's, dentists has resumed work in the dental office.
