SUGAR BEET OUTLOOK

Many of our readers will be glad to know that the sugar beet acreage this year is almost double that of last session and by far the largest in the history of the industry in the county.

Many of the beets first planted are up and a good stand is reported. The beets are strong and show better color and more vigor than at any time in the past. Some patches are already thinned and the thinning will be in full blast by the middle of next week.

General manager F. S. Bramwell states that the outlook for tonnage is better at this time, by far, than at any time in the history of the factory. "Our acreage being so very much increased we may consistently hope for a heavy harvest."

The following detailed statement gives the acreage of individual holdings and the acreage planted by the sugar company and where situated.

Fortunate Missourians

"When I was a druggist, at Livonia, Mo.," writes T. J. Dwyer, now of Grysville, Mo., three of my customers were permanently cured of consumption by Dr. King's New Discovery, and are well and strong today. One was trying to sell his property and move to Arizona, but after using New Discovery a short time he found it unnecessary to do so. I regard Dr. King's New Discovery as the most wonderful medicine in existence. Suresst Cough and Cold cure and Throat and Lung healer. Guaranteed by Druggist, 50c and \$1. Trial bottle free.—NEWLIN DRUG CO.

AT LUNCH

NORWEGIANS CELEBRATE ANNIVERSARY

(Scripps News Association)
Minneapolis, Minn., May 17—Today is the anniversary of Norway's independence and Norwegians here as well as well other parts of the world are celebrating the day with great enthusiasm. The Norwegian societies of this city and surrounding districts have combined their efforts and will hold a large mass meeting with patriotic addresses, music and singing of patriotic songs and there will also be a number of banquets in honor of the occasion.

The separation of Norway from Denmark was formally declared on May 17, 1814 and that day has been held sacred ever since in the memory of all patriotic Norwegians. The separation of Norway from Sweden has added considerable significance to the observance of the day and never was the anniversary celebrated with as much enthusiasm as this year.
