 I. R. SNOOK,
 Recorder of the city of La Grande.

ANAEMIA

GIRLHOOD'S SICKNESS

It is easily verifiable in chlorosis, anaemia, (green sickness, as mothers call it), that the patient suffers from greater or less difficulty along the spine, to which all this needless suffering in girlhood is due. It is equally well demonstrated that no system of treatment save Osteopathy pays any attention to these conditions. Osteopaths hunt out these spinal and other deviations from normal healthful anatomy, and remove them by plain common sense, mechanical means, just as you would straighten or replace the wheels of a watch. The blood-making organs are thus left free to resume their work of making blood.

There is no attempt to supply by internal drugs the lacking qualities of the blood, for if once supplied they are soon used up and the patient is where she was before taking. How much better is the Osteopath's way of setting the natural organs of supply into action that the proper quantity and quality of the blood may be maintained in the way Nature designed?

MERCURY A DECEPTIVE TREATMENT

Mercury and potash are very deceptive treatments and the blood poison sufferer who depends on them for a cure is sure to be disappointed. These minerals will remove the external symptoms and shut the disease up in the system for a while, but the trouble will surely return and the loathsome symptoms of sore mouth and throat, copper-colored spots, falling hair, sores and ulcers etc., will be accompanied by the disastrous effects of the treatment. The continued use of these strong minerals will completely ruin the health and weaken the system to such an extent that the original disease often becomes incurable and sometimes fatal. Mercury and potash eat out the delicate lining of the stomach and bowels, destroy the gastric juices, producing chronic dyspepsia, cause mercurial Rheumatism, salivation, and where they are taken in large quantities cause necrosis or decay of the bones. S. S. S. is the only remedy that can cure Contagious Blood Poison surely and safely. This remedy of nature, made entirely of roots, herbs and barks, antidotes and destroys the powerful virus of the disease and by purifying the blood of every particle of the poison and enriching and strengthening this vital fluid it removes every symptom and leaves the body in a strong, healthy condition. When the blood has been purified with S. S. S. the cure is complete, and not one vestige of the poison is left for future outbreaks. Do not waste valuable time, and damage your health with the mineral treatment, but cure your case with S. S. S., an absolutely safe remedy. We offer a reward of \$1,000 for proof that S. S. S. contains a particle of mineral. Book with instructions for self treatment and medical advice without charge. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**

S.S.S. PURELY VEGETABLE.

FOR SECRETARY

Mr. F. H. Benson, Republican nominee for Secretary of State, who was in this city last Saturday, received a very handsome support in this county at the primary election. Though he was only here a few days prior to the primary election, during that short stay his personality was such that he completely

won those with whom he came in contact. When the votes have been counted June 4, it will be discovered that he has been placed in office by the largest vote ever received by a candidate for a similar office in this state. The people can make no mistake in voting for Mr. Benson. In Douglass county where he has resided for the past number of years, his friends make the claim that he will receive, not only all of his party vote, but the greatest share of the Democratic vote as well. Union county will contribute her share to his success.

ATTENTION A. F. AND A. M.
