This is one of the best musical institutions in the state, and that people in this city and valley are beginning to discover the advantage of this school. The system is the latest and most practical, and includes all the latest discoveries in the art of teaching music. The school is divided into two departments: No. 1 is for beginners from 5 years or more and are taught the first three grades. Pupils come one hour each day. This is no kindergarten system but far superior. In No. 2 the grades are from 3 to 15. Here they graduate. Pupils take one or two lessons a week as they desire. No scholars will be permitted to remain in this school who do not study.

CONSTIPATION—CAUSES—CURES
The causes of constipation are: Improper diet, lack of exercise, pernicious drugs and pressure of bones, muscles and ligaments on the nerves to the digestive tract.
The treatment in the first three instances is evident: correct the habits. Just as evident is it in the last—remove the pressure from the nerves. This is accomplished by the Osteopath, through the correction of slightly displaced vertebrae, ribs or pelvic bones, by relaxing contracted muscles and ligaments. The nerves are then free to carry the normal nerve force to the intestines. The glands then resume their secretion of fluids, the intestinal motion is regained, propelling the contents onward. This is a natural state and consequently a permanent state. If your body was once capable of digestion, it should now be so again. Nature's way is the only way. Osteopathy's success in curing this very common trouble certainly makes manifest any claims it may advance.
