REPORT ON TAINTED MEATS HORRIFIES THE WORLD

American Meat Buyers in London Demanding English Products as a Result of Yesterday's Report on Packing Houses English Papers call Perpetrators "Ruffians"

(Scripps News Association)
London, May 29—Newspapers here have generally accepted the cabled statement that all the bad meat packed in America was sold in the United States. In reference to the tainted meat report the Evening News says, "People who permit corruption will certainly suffer for their sins. It is a comfort to know that the ruffians who are responsible for the Chicago packing house scandals, will suffer severely. Their pockets is the only spot where they have any feeling". Dealers are apprehensive and are disposing of existing stocks and former American meat buyers are demanding English products.

PUBLIC HORRIFIED AT REPORT

New York, May 29—The intimations that the tainted meat has been served to consumers in this country, brought forth a cry of horror. Many protests are heard in the press, demanding that the whole truth be published immediately. Other

papers are more cautious and seemed inclined to disbelieve the allegations. A call has been made for further investigations.

MOYER-HAYWOOD-PETTIBONE CASE OPENED TO-DAY

(Scripps News Association)
Caldwell, Idaho, May 29—When the case against Moyer, Pettibone and Moyer, was called by Judge Smith this morning, Attorney Richardson for the defense filed a motion for a change of venue.

Chief Prosecutor Hawley called the attention of the Court to section 677 Revised Statutes, providing, in cases of habeas corpus on appeal to Supreme court of the United States from the Circuit court, the matter stays all proceedings in the local court until the appealed case is disposed of. The defendants have an appeal pending from the ninth Circuit court of Idaho, therefore the district court

of Canyon county must delay the case from further hearing until the Supreme court decides. The defendant asked that the matter be considered at once, on which the time was set at two o'clock. The defense claims that the action on the part of the prosecution is one to postpone the trial.

Under a strong guard, Moyer, Haywood and Pettibone were brought to Caldwell from the Boise jail this morning. The party was met at the depot by their attorneys. Accompanied by Mrs. Moyer and Mrs. Pettibone the party was taken to the Sheriff's office in the court house.

SPEAKING AT ALICEL LAST NIGHT

Last evening at Alicel Hon. C. E. Cochran and E. W. Bartlett with candidates Ivanhoe, Haworth and Randall held a Republican meeting and although the rain interfered some what with the attendance the large Hall was comfortably filled with enthusiastic people.

Mr. Cochran's delivery of his partisan "Vote for the man" doctrine was shown up as being an oily way to lead the Republicans astray and his Credit for the Inheritance Tax Law, Corporation Law and Loaning of School funds was shown in its true light by reference to the bills of Sen. Malarky and Eddy, the bills being introduced by them before the Governor had taken his oath of office, and passed by a Republican legislature.

Bartlett made a great hit when he likened the Governor to the renowned "Grecian Horse" left before the walls of Troy and saying that the Democrats had presented us Republicans with it and from the present, we had received a Democratic Senator, a Democratic Supreme Judge and numerous Democratic Circuit Judges and District Attorneys.

The saying "Beware the Greeks" comes home to us in its new version "Beware the Democrats." Short speeches were made by the candidates and the meeting closed at 11 o'clock.
