TRAGEDY ON OCEAN STEAMER

(Scripps News Association)

London, May 29—The startling news which Lloyd's recieved from Vladivostock, announcing that the German steamer Soerabaya, given up as lost and removed from the list of "Overdues" given out by Lloyd's, had been discovered frozen in the pack ice at Nikolaiefsk, near the Amur River, has caused considerable interest in shipping circles. According to the meager cable the corpses of the crew were found completely frozen on board of the steamer.

The Soerabaya, which was formerly a well known Dutch East India steamer, took a cargo of coal out to Japan during the Russo-Japanese war, but afterwards entered the service of the Russian government. The vessel took a cargo of arms and ammunition intended for the defence of Vladivostock, but was unable to enter that port owing to the Japanese blockade, and took refuge in the Amur River. There, last October, she recieved orders not to proceed to Vladivostock until after the ratification of the peace treaty, and accordingly waited her time. Shortly afterwards the vessel disappeared, and nothing is known of her subsequent movements.

The steamer Erna was dispatched, in November last from Vladivostock in search of the missing ship, but returned having found no trace of either the steamer or its crew.

The Soerabaya, which was of 2,441 tons gross, carried a crew of some thirty hands. It is presumed that part of the cargo, which was valued at some $250,000 can be saved. An expedition will be sent out to recover as much as possible of the end the frozen bodies of the sailors.

NUTGROWERS OF TEXAS TO ORGANIZE

(Scripps News Association)

Austin, Texas, May 29—Several hundred nutgrowers and others interested in the growing of nuts are assembled here in compliance with a call sent out by E. M. Kirkpatrick, with a view of forming the nvtgrowers of this state into a permanent organization. The conference will last two days and is expected to be of great importance. Many prominent agriculturists and other distinguished men are in attendance and some highly interesting addresses will be delivered during the two days of the conferense. The session this afternoon will be devoted to the task of organization. Then a number of important subjects having direct bearing upon the growing of various kinds of nuts will be discussed. At the meeting tomorrow the question of affiliating the new organization with the Farmers' Congress will be considered.

Eminent Doctors Praise its Ingredients.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes [illegible] with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhœa; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women, constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhœa (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and anæmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions * * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, *there is no medicine in use about which there is such general unanimity of opinion.* It is *universally* regarded as *the* tonic useful in all debilitated states."

Prof. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhœa (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.
