### VOTE FOR US PLEASE

Before me lies a letter asking "the household representatives" to vote. Not on equal suffrage and protect our homes. My good women of the anti-Association:

It is for what very purpose that we the working wives, and mothers, of our working voters, ask the ballot to protect our homes, and our loved ones.

How can you ask that it be denied us?

We ask it for our selves and not for you

They who view it as a burdensome duty will not be compelled. "It will not be imposed upon them. There is many a duty neglected. We will help make laws concerning the holding of office jury duty etc

It is not for the well dressed, well housed, well fed, club women of Portland and other smaller towns to say how this shall be. Thanks to the "representative" voters who think right. To them we appeal for justice. We may not win in the coming election but the fight will go on forever until it is granted. A question is never settled until it is settled right and such injustice can not go on forever.

It cannot lower the standard of womanhood to feel that she is equal. A womanly woman will be womanly still. It cannot lower mans respect for woman by knowing that justice has been done her.

A wrong righted. Our "household representative" says: There is no need of argument. The question is, Is it right? Is it just? If it a vote for it. No harm will come from doing right.

Voters let us help you make our beautiful land a greater Oregon.

Mrs. THOMAS WADE

### CREAM SEPARATORS

"STOP!" and think before you buy a separator. There are many things to be considered in the purchase of a cream separator. You want the lightest running machine on the market. You want the machine that is the easiest to wash and keep clean, you also want the machine that will produce all the butter fat. And above all you want a durable machine so that you wont be continually paying for repairs.

Now the famous Empire Separator is the machine you want as it has all these advantages over every other machine on the market.

Any company can make claims but let us show you the Separator that makes good
