POTATOES & HAY

We have a large supply of strictly choice large potatoes in stock, which we offer at very low price.

We still have a large amount of hay—all grades—in our house which we offer at \$12.00 per ton. The hay market is very dull at the present time and we want to unload same.

We have to arrive a car load of Straw berry boxes, in about a week. Our price on them will be very low.

We are in the market for all the eggs that are offered and we pay highest market price, spot cash, for them.

Fifteen thousand dollars as bonds toward the establishment of a payroll in Baker City would be far more beneficial to the advancement and prosperity of the people than 40 parks.—Democrat

While the new primary law may have its redeeming qualities, it seems to us that the provision for registering votes at the last moment under blank "A" form is a mistake. It leaves a loop hole for the corrupt politician to rush in anybody and everybody to register, if he can wait until time to vote then takes advantage of the "blank" idea? In other words, what is the use of having registration at all.—Roseburg News

The fact that prohibition has carried in this county came as a surprise to a great many people. It shows the sentiment of the County, as there was no organized effort made for its adoption or rejection. The prohibitionists had arranged for a vigorous campaign but for some reason it was not carried out. The liquor interest believe that it would not be adopted and made no fight. Prohibition will become effective as soon as the County Court meets and makes order. The law requires the County Judge to convene the Court in special session for that purpose as soon as it can be done. It does not allow sixty days in which to consume the stock on hand as it generally supposed. The law should give a fair test, and every effort made to see that prohibition does prohibit.—Wallowa Democrat

PUT ON THE BRAKES

The limited train goes sixty miles an hour. In the smoker men joke and play cards and tell risqué stories. The day coaches are crowded and comfortable. The heavy sleepers as they sway to and fro make only a gentle rocking for the people who read and chat and nap. Crash! Engine and cars and flesh and blood are ground up together in a shapeless horrible mass. Off the track!

So goes humanity's train. Here is a boy who got to running on a fast schedule. He began by pilfering from his father's till. As he grew older he made faster time. Down grade he goes and soon comes the crash. Newsboys cry a murder and suicide. The crowd halts for a moment. His friends murmur "I never thought he was so bad!" A young man off the track. A young girl thinks her mother is too slow for these record breaking times. Mother is "old fashioned". The girl goes to places her mother has warned her she should not frequent. The bloom is

GEO. W. POWELL,

brushed from the fruit. ** One day a brazen drunken creature cursing and shrieking, is loaded into the patrol wagon. A woman is off the track.

A man gets in a hurry to be rich. His father went slowly, carefully, successfully.

But father's method will not do. What's the use of moiling and toiling when a quicker way may well do the business? So-and-so has speculated successfully. Surely I am as shrewd as he. ** A pistol shot. A man is off the track.

Our age is rapid one. Business and society go at a sixty mile clip. Rather than to be sidetracker for a time men drive their trains into the ditch. Many of them run wild. There are frequent collisions and wrecks innumerable by getting off the track. Look out thriving but venturesome and reckless young woman and gay young man! The race is not to the swift alone. Put on the brakes. Slow up, or before you know it you will be off the track.—Milwaukee Journal

LARGE WOOL POOL

It is estimated that between 750,000 1,000,000 pounds of wool is tied up in the grower's pool in Lewiston, Idaho district. June 15 will be sales day.

CRAIG MAY GO.

A. L. Craig, general passenger agent of the Harriman Northwest lines, is mentioned as a successor to Frank J. Whitney, passenger traffic manager of the Great Northern, who has resigned to leave the service of the city, July 1. Mr. Craig returned Saturday from Chicago, where he attended a family meeting of Harriman line officials.

When seen today Mr. Craig said he had no statement to make regarding the new position, and probably would not have for a week. It is known he has been offered the billet, but it is understood he has not replied.—Telegram.

HEAVY DAMAGE.

Superintendent M. J. Buckley is in the city today, having returned from the washout district. He states that only temporary repairs now exist and that it will be late in the fall until the road is placed in permanent condition. He estimates the cost or rather the damage to the company between \$175,000 and \$200,000. Superintendent Buckley returns to Portland this evening after having been away for fifteen days.
