SHORT CROP

Freewater June 13—It is found that the strawberry crop of the Freewater—Milton district will be considerably short of what it was at first anticipated. It is now estimated that the entire amount shipped out this season will amount to 7000 crates the usual shipment being from 15,000 to 20,000 crates. Many of the growers did not complain however as the prices have been high and the berries were good bringing most of them as much as on former years. Blackberries will be shipped the last of the month a bumper crop being expected. Cherries are now coming in but there will be a short crop. Green peas are also being shipped out in large quantities. The price being paid for strawberries is \$1.75 and \$2.00 the early ones brought as high as \$4.50 and \$5.00. Cherries are selling for \$2.00 per crate. The recent heavy rain and the late frost injured the strawberry crop materially.
