SANITATION IN THE CITY OF 'FRISCO

(Scripps News Association)

San Francisco, Cal., June 15—There are signs of trouble in this city, although the disturbance is not destined to attract much attention outside the army service. It all comes about through the decision of General Greely, who is in command of the military situation there, to put the general sanitary work in charge of civilians instead of army medical officers. He has accordingly relieved from this important duty the army surgeon who established and who has been maintaining the sanitary regulations which have resulted, it is said by medical officers, in preserving the health of a community living under conditions which were at all times menacing and at any time likely to get beyond the control of the physicians. The army surgeons worked hard in the establishment of field hospitals, free dispensaries and other aids to the public health; they feel that they should still have charge of the general sanitary situation in San Francisco. The fact that this responsibility has been transferred to civilian physicians has occasioned some little feeling among the army surgeons, especially as there has been no occasion for complaint, and on the contrary, the work of the army medical corps in San Francisco from the day of the earthquake has elicited the warmest praise on every side. The heartiest commendation has come from San Francisco physicians, who appreciate the value of the gratuitous work of the army medical officers. Under the circumstances, General Greely's action is regarded by the army medical officers as unfortunate in that it may create the impression that the army medical department failed to do its full duty.

Treating Wrong Disease.

Many times women call on their family physicians, offering, as they imagine, one from one person, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here and there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, encourages this practice until large bills are made. The suffering patient gets no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native medicinal roots and is perfectly harmless in its effects in any condition of the system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve tonic "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, St. Vitus's dance, and other distressing nervous symptoms constantly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.
