AMUSEMENTS

A GOOD TENT SHOW

The string of disgusting tent shows that has been visiting La Grande this season has at last been broken, and at least a respectable tent show has been in our midst. Eilers Rip Van Winkle last Saturday night was considerable better than expected and satisfied the spectators. The acting was commendable especially that of Simple Rip and his frau "Gretchen". In the first acts when nothing could raise a ruffle on jolly Rip's temper he never failed to create a laugh, and when he was off the board Frau Gretchen would see that the crowd was well entertained. After his long sleep like Jefferson of old, Rip excelled and did some clever acting. The music is worthy of comment. The company carries an orchestra that would be a credit to any show house. However the show was not without its faults, and that was the after concert. This proved a sham and had the management forgotten that they had a concert, there would be not criticism to make on the performance.

FIRST-CLASS PICTURE SHOW

That the moving picture entertainment showing the scenes during the San Francisco fire, which commenced at the Frazer theater last night, is the finest of the kind that has ever been seen here, is declared by those who saw the show last night. It was the first of the three nights stand which the company will make here, and judging from the recommendations given by those who saw the views last evening the house should be filled during the remaining two nights. The views are shown by the kinetoscope were taken while the fire was at its height, and some of the views show the dynamiting of the buildings to stay the progress of the flames. The pictures were taken by men who toured the city in atomobiles while the demonstration was under way.

K. J. Taylor, manager of the theater, declares he will vouch for the entertainment being all that is represented, and that it is the finest thing of its kind that has ever been given here. As a guarantee of the merits of the attraction, the manager announces that anyone dissatisfied with the entertainment will be given double their money back upon calling for the same at the box office.—East Oregonian.

Performance given at the Stewart Opera House for two nights starting Tuesday evening June 19.

TYPOGRAPHICAL EXPERIENCE

It wasn't a Missouri editor, but printer's that was going through his first experience in making up forms. The paper was late and the boy got the galley mixed. The first part of the arbitrary notice of a paucious citizen had been dumped in the forms and the next handful of type came off the galley describing a recent fire. It read like this: "The pall bearers lowered the body to the grave and as it was consigned to the true flames there were few if any regrets, for the old wreck had been an eyesore to the town for years. Of course there was individual loss, but that was fully covered by insurance." The widow thinks the editor wrote the obituary because the lamented partner of her joys and sorrows owed him five years subscription.

ANOTHER RURAL ROUTE

A rural route inspector was here this week and stated that he would report the matter favorably to the postal authorities. The delivery at present will be every other day, but will be made daily as soon as the patronage will justify it.—News

SKIN DISEASES

FIERY ACIDS IN THE BLOOD

All skin diseases are due to the same cause—an excess of acid in the blood caused by faulty assimilation of food and poor bowel action; this fiery acid matter is forced to the surface through the pores and glands. Crusts are formed, discharging a sticky fluid which dries and makes a crust, causing intense itching. When the crusts or scabs are scratched off the skin is left raw and bleeding. Sometimes skin diseases are in the form of, and bran-like scales come on the flesh, or the skin becomes hard and dry, often cracking, and the painful itching causes acute suffering. It does not matter how the trouble is manifested, the cause is the same—an excess of acid in the blood. Salves, powders, cooling washes, etc., while they relieve the itching and give the sufferer temporary comfort, cannot cure the trouble because they do not reach the acid laden blood. The best treatment for all skin diseases is S. S. S., a remedy that is purely vegetable and one which acts directly on the blood with a cleansing, healing effect. S. S. S. neutralizes the acids, and purifies the blood so that the skin instead of being blistered and burned by the fiery fluids, is nourished by a supply of cooling, healthy blood. Special book on Skin Diseases and any medical advice desired will be furnished without charge.
