Do not forget that the saw mill project needs a little more help. Have you done your part?

Union County is one of the best in the state. Don't forget to mention the fact when you write to that Eastern relative.

Clean up your home lot. Other towns have a day each month devoted to cleaning up. "A Cleaner La Grande" fad is needed here. Now is the time to fix up the home lot.

The city council meets tomorrow evening. The most important matter presumed to come before the meeting will be the consideration of the ordinance which has passed to the second reading, raising saloon licenses to \$1,000 per annum.

This has been an usually good year for elections, first we had the primary, then the city, then the county now the second school election. Unless something out of the ordinary happens the election yesterday closes the list and the next will be the city election next March which owing to the fact that the citizens of municipalities may change their charters and make laws for themselves, may result in quite an interesting feature.

According to the American Manufacturer, the coal deposits of North America are estimated to contain nearly as much as those of Europe, or 681,000,000 tons, but even this gigantic figure is completely dwarfed by Asia's wealth of coal, as to which it is at present impossible to make an even approximate estimate. China more especially seems to possess inexhaustible supplies, and a German scientist has put the coal deposits of the province of Shansi alone at 1,200,000,000-000 tons.

The largest farm in the world is owned by Don Terrazas of Chihuahua, Mexico. It comprises 8,000,000 acres and its owner and employes are half a day in crossing his estate. He owns 100,000 horses, 700,000 sheep, and brands 300,000 calves annually. He conducts great slaughter and packing houses and owns his own refrigerator lines. He employs 40,000 laborers and lives in a palace worth \$2,000,000, being the richest man in Mexico and the wealthiest farmer in the world.

GEO. W. POWELL,

Of the great mines of the world there are 161 in America, which paid dividends in 1904 amounting to approximately \$140,000,000 over and above the cost of production.

One hundred years ago the rustling of a lady's silk dress was attributable to the high quality of the silk; it now rustles owing to the impregnation of 36 per cent of tin salts. Epsom salts, which has hitherto been mostly employed for medicinal purposes, are widely adopted for giving weight to flannel. Similarly, the old fashioned pure linen used as table cloth is now largely substituted by cotton filled with china clay, starch, and size, while linen collars are also founded upon base materials with simply a linen facing.—Ex.

John Alexander Dowie, whose antics have filled the papers of Chicago for weeks, is a great failure as a prophet and, if his enemies in Zion city are to be believed, he is a failure in all other respects. He seems to have bankrupted Zion and many of his followers, by his extravagance, bad business management and riotous living. Having set his brethren by the ears and "busted up" the whole community, we have doubtless the beginning of the end of this remarkable religious delusion. Dowie's first mistake was reincarnating Elijah, who was entirely unlike the modern fakir who assumed his name. Elijah was a plain old farmer who had no money and cared nothing for it. Neither did he dress in silk gowns or live in \$100,000 houses or gallivant over the country with a troop of unattached women playing the "adopted daughters" racket. Elijah's best suit was a sheepskin coat, his habits were simple and inexpensive and he was never charged with any crooked dealing. Should he come to earth now, his first act no doubt, would be to "swat" the pompous fraud who scandalized his name, just as he smote the false prophets of Baal at the foot of Mt. Carmel. Dowie should have reincarnated a Jonah, as he is certainly the worst Jonah that ever gold-bricked a lot of credulous fools. Crestfield, the "Holy Roller," has passed in. Dowie is about to do the same. What freak creed are we to expect next?—Athena Press.

A LITTLE TALK ON ICE CREAM SODA

NOT BETTER THAN THE BEST BUT BETTER THAN THE REST

To maintain the reputation we have acquired for supplying the needs of our many patrons in every department, a reputation we point to with pardonable pride, we want now, to advise you that we have opened our soda fountain with a new line of crushed fruits and fruit juice which excel any which we have ever had, and while we may occasionally find a party who has never tried one of our delicious ICE CREAM SODAS we find a hundred who have, and do, and always will, because they want the best and appreciate a fine article. We have some new flavors this year which are going to be of universal favor on account of their delicate flavors. Hoping you will kindly favor us with an early call, so we may show you, We are respectfully,
