footed up as follows: Prohibition in Cove-For 101, against

Amendment Local Option--Yes 1072, 135. In Island City-for 43, against 81. In Summerville-for 72, against 90.

SPORTS

ELGIN'S BLUFF ACCEPTED

Varied reports have been coming over from Elgin way to the effect that La Grande is backward about playing our neighboring village. Then to strengthen the first report came something in the shape of a challenge. It seems that Elgin has raised a \$1000 purse to be played for at any place La Grande will name provided each team plays the same lineup which they had at the last game between Elgin and La Grande. In an interview with the manager here he said: "We will play Elgin for any sized purse above \$500, a series of three games; one here, one at Elgin and one at Pendleton or any other neutral ground Elgin may name. Of coarse we will play the team man for man which we used in defeating Elgin last time and Elgin must have the same team in the field that they had that day. Should this series be arranged there will be something doing in a baseball way as Elgin has been confident all 545 along that they had the better team. The fact that La Grande was see forced to cancel a game with Elgin has inforced their belief that we are slightly afraid of them. Fans are looking forward to these games with great interest.

A GOOD GAME THE FOURTH

Manager Heisner informs us not he has yet secured a first class team to play here the Fourth, but is in coraespondence with several of the best teams in the country, and assures the fans that he will have a strong team here on that date. Whitman college is negotiating for a game. Al says he will get only the best and is going to take his time in making the choice.

NO GAME TOMORKOW

There will be no game tomorrow. Manager Heisner is devoting all his time to get a good game the Fourth and for this reason he is unable to get a satisfactory team here tomorrow.

SOMETHING DOING WEDNESDAY? What's going to happen Wednesday? Why at four o'clock sharp Banker Geo. Cleaver will lead his aggregation of pen artists, pill makers, clerks, attorneys and land officemen on to the diamond and demonstrate that these experts in their individual vocations know either more or less about the national game than the aggregation that will be piloted out by

Jeweler Seigrist. Businessmen will forget their business on Wednesday attend the great ball game between the North Side and South Side. The line-up will be practically the same as announced for the game that was to have been played on Decoration Day but was postponed. All the places of business will close their doors at four to give every one an opportunity to witness this great contest, for a great contest it will surely be. Watch for further announce-

FIRE-FIGHTERS IN HARD TRAINING

The different hose companies of the city are getting ready for various races that will be held the Fourth, by taking cross coun try jogs. The whole squad is covering about a mile every evening and when the fire-fighters return to the "Training Quarters" at the Commercia The Prohibition proposition in Cove, Glub they are generally well spent. A plunge Island and Summerville precincts and an extra supply of witch hazel, however soon revives them.

The boys are confident that any hose team that beats them will have to go some and judging from the interest taken in the practice work there will be an interesting tournament here the Fourth in connection with the other amuseme ts.

WEATHER BAD AT POUGHKEEPSIE

Poughkeepsie, N. Y. June 23-The great intercolligeate rowing races will e pulled off under unfavorable weather. It is cloudy and damp and all the crews who were on the water this morning stayed there only long enough to row a mile. The coaches followed in their launches but made no attempt to get any speed out of the men.

The weather continues bad and officials have announced the eight oared varsity which is run over four miles, if run at all will be at six o'clock tonight.

later-Cornell won the four-oarad race. Syracuse second, Columbia third, and Pennsylvania fourth.

It is said that the president read Sinclair's book with deep interest. After he read it he is said to have made the statement, perhaps not for publication however. that he would see if the packing house situation was as bad as pictured. If it was, he would see that a change in the conduct of the institutions was inaugurat-
