SCROFULA AN INHERITED MISFORTUNE

One has a hereditary right to a pure blood supply, which insures a healthy body; but how many do we see who have inherited that misfortune, Scrofula, and are struggling under a legacy of suffering? Scrofula is a constitutional trouble handed down to child, a curse from generation to generation as long as the father is allowed to remain in the family blood. As the very best of the blood is diseased we see this awful affliction manifested in such as enlarged glands or tumors about the neck, which will become discharging ulcers, weak eyes, chronic Catarrh of the sinuses, etc. This blighting disease being so firmly entrenched often attacks the bones, resulting in White Swelling, or hip disease, a pallid, waxey appearance of the skin, loss of strength, and all the symptoms show that the disease is entirely destroying the vitality of the blood. There is but one way to cure Scrofula and that is to purify the blood and rid it of the germs of disease, and for this purpose equals S. S. S. Its purifying and building-up properties make it the ideal remedy for Scrofula. S. S. S. searches out and destroys all poisons and germs, gives strength, richness and vigor to the weak, polluted blood and cures Scrofula permanently. S. S. S. is a purely vegetable medicine, made from roots, herbs and barks and may be taken with absolute safety by all.

It so thoroughly removes the poison from the blood that no more ever seen again and posterity is blessed with a pure blood free from the blood and any medical advice desired without charge.

HIGH NAVAL VOLUNTARY RETIREMENTS

(Scripps News Association)
Washington, June 23—No one has been able to find out just what will be the result of the sessions of the board of admirals who are meeting to eliminate officers in the line of the navy, in order to furnish the statutory number of vacancies in the commissioned personnel on July 1. In previous years the Bureau of Navigation announced from day to day the number of applications filed in various grades for retirement, with the result that it was easy to figure out just how many voluntary retirements there would be. This had the effect of discouraging senior officers from applying for retirement. This year a different policy has been adopted with the idea that every one who has any, even the remotest, intention of retiring voluntarily, may send in his application. In this way it is expected there will be vacancies obtained in the grade of captain which will result in benefit by promotion all down the line. This is the reason for the reticence of the naval authorities in regard to prospective retirements. It is evident, however, that there will be sufficient applications for retirement to make unnecessary the selection of officers to go out of active service.

SURE

The Baker City Democrat accuses Herman Rothchild of being actively engaged in soliciting support from representatives-elect for the speakership. This is a mistake. The speakership will come to Mr. Rothchild spontaneously.—North Powder News.
