THE COMFORT

Of the ladies is well taken care of by us. We have succeeded in our efforts to make our restaurant the best place for the ladies to have their meals, and have tastefully arranged the different things to add attractiveness to the place, and make the surroundings pleasant.

OUR RESTAURANT

Provides meals that are beautiful and refreshing. The excellence of our cookery has been attested by the favorable comments of the many ladies that patronize us. If you would stop at our restaurant your nostrils would dilate at the pleasant odors our cookery sends forth. It would tickle your palate and after the meal you'd smack your lips and say, "That meal was very tasty."

FIGHTING THE MUSTARD

J. T. Smith of Alicel was in the city this morning and found time to make a very pleasant call at the Observer office. Mr. Smith is carrying on a vengeance war against the mustard plant which is invading his wheat fields much to the damage there. Mr. Smith now has a force of men in his fields with grass hooks and beet knives cutting the mustard down before it has an opportunity to ripen and reseed the ground. This is a good example to other farmers and one which should be followed. California has been cursed with the mustard plant and the Grande Ronde Valley will be in a similar condition unless something is done to prevent it.
