

# MODERN DENTISTRY

DIDN'T HURT A BIT

In the past few years has advanced with giant strides. The methods of today have made those of yesterday practically obsolete. If You require dental work of any kind You should consult the dentist who is up-to-date in his methods. The success attained by Dr. H. A. Sturdevant, of the La Grande Dental Co., successors to Reavis Bros., proves that he is master of the latest and most successful methods of his profession.

Band Concerts and Ball Games

Brilliant Display of Fireworks

This will be the biggest and most expensive display ever  
exhibited in La Grande

GRAND BALL AT NIGHT FUN FOR EVERYBODY

## RELIEVER OF MONEY ARRESTED

There is now lodged in the County jail, about the boldest and perhaps the cleverest woman pickpocket that has visited La Grande for a long time. In fact she is the smoothest that La Grande has seen since she was here last. Saturday evening Henry Belmer and two other gentlemen from La Grande were making for a nuddle joint when the party reached the livery barn on Adams Avenue, their conversation was suddenly interrupted by the approach of a woman, who might in years gone by, have passed for a well dressed and prepossessing person, but is now the picture of shabbiness with the odors and outward signs of opium branding her with unmistakable plainness. The excuse for a woman liked the looks of Henry and flew to him, threw her arms about his neck, and lovingly complimented him on his pipe, good looks and various attractions which she claimed he possessed.

Meanwhile Henry's companions were watching the manifestations of affection but saying nothing. Henry claims that she had one of her knees against his abdomen and one arm tightly wound about his neck. It must have been with the other hand then, that she found a well-filled wallet in Belmer's hip pocket and cleverly relieved him thereof. She all of a sudden discovered that she had mistaken him for an intimate friend of hers, and politely withdrew, offering many profuse excuses. Mr. Belmer was of course rather taken aback with all this lovingness and in fact was a little nervous. When he cooled down and happened to want his money he awoke, and realized that he had been the victim of the old old game. Quickly giving the alarm he brought the police to the scene. No arrests were made however, as the "dear old girl" had made herself scarce.

On Monday the police managed to locate the woman and her accomplice in the hills and they were brought to the city for hearing yesterday afternoon. The warrant calls for the arrest of Bernice Lockard and James Hoberts.

The woman is known to the police here as she is suspected of having "Touched" a citizen of La Grande not many months past to the extent of a diamond pin. The man in the case is neatly dressed and seems to regret his connection with the bad lady.

### TRIAL AGAIN POSTPONED

The hold up trial scheduled for last evening in Justice of the Peace Hough's office was again postponed on account of sudden illness of the principal defendant.

The circumstances surrounding the capture of prisoners, would form the nucleus for a modern detective story. Chief Rayburn had his Sherlock Holmes eye on a certain individual who was rooming at the Foley House. Early Monday morning this particular gentleman came down from his room and eat a hearty breakfast and saved a morsel for his friend, the lady who did the clever pick pocketing. Rayburn secured the assistance of Constable MacLachen and followed them with a lunch under his arm. The shadowers followed the accomplice to the canyon near China Lewis. Here MacLachen held the Fort while the Chief made a flank attack and soon rounded up the accomplice and his principal who by the way had lived in the hills since late Saturday evening until Monday morning, with out any shelter. She is a noted character in La Grande and her trial is creating a sensation.

### STRAWBERRIES FOR SALE

Persons desiring strawberries can secure same fresh from the undersigned. Berries picked Wednesday and Friday.  
J. A. CHANDLER Fruitdale

J. L. MARS.

### VIOLIN

Miss Bertha Young will give lessons on the Violin.  
Teachers certificate from Whitman College Conservatory of Music. Phone 1994.

# UNION COUNTY

We do not believe that there is another county in the Inland Empire that can show fourteen different industries whose total annual revenue produces an average of \$193,000.00 cash.

The annual report of the State labor Commissioner, places Union Count third in the state, in the employment of labor

It requires 194 solid trains of fourty cars each to carr the produce of our count to the market, more than a train ever other da throughout the ear.

"An admirable climate." The past winter only for a few hours did the mercury reach zero. No excessive heat in the summer and our cool refreshing nights cannot be appreciated by the residents of the east until they are permitted to enjoy them.

Our soil is rich and productive. Were we to mention yields they would not be believed. The only way to become acquainted with this "Garden of Eden" is to person visit this land of diversity, as when you see the crops growing and harvested they speak for themselves.

Our forrests will require many many decades of the present activity before they begin to yield and we now have thirty or more saw mills which give employment the year round in the mills and logging camps

The only sugar beet factory in the state is located at La Grande, the County Seat of Union County with a population of 5,000, progressive wide awake people who extend the glad hand to all. This is the commercial, educational and social center of the county.

La Grande is known as the railroad town of the O. R. & N. Co. whose annual payroll at this place exceeds \$300,000.00. From here the branch road is now pushing through the northern part of this county, on into the Wallowa County, starts a freight division, machine shops, round houses, and one of the largest railroad yards on the system, and train dispatchers office. The public schools of La Grande are second to none in cities of this size in this state. We now have three buildings and a fourth, an eight room brick building in course of construction, giving employment to twenty-two teachers. The principal office of the Grande Ronde Electric Co. is located in this city. This Company furnishes power and light for the city of La Grande, Island City, Cove, Union, and the Hot Lake Sanitorium.

### VALUE OF PRODUCTS

Wheat	\$650,000
