**FOURTH OF JULY ACCIDENTS**

In another week we shall experience our annual tetanus inoculation experiment its size depending on the extent to which public authorities permit the violation of the laws that, in nearly every community prohibit the use of firearms. The results of the inoculations depend on two factors, the patient and his family, and the family physician. For every one of these wounds that causes tetanus, neglect on the part of the patient or of his physician is responsible. We state these facts thus plainly because through study of the Fourth of July casualties for several years has taught us that they are facts.

Each year the demand for a saner Fourth is becoming more and more marked. Many cities prohibit the use of cap pistols and fire crackers and the interesting figures taken from the Journal of the American Medical Association are sufficient to cause all parents and the public generally to pause and think, even if they do nothing.

**DEATH OF MRS. ELLENORA HUNTER-CHOATE**

Ellnora Hunter was born in Dayton North Dakota May 12, 1886 being the only daughter of Mr. and Mrs. W. G. Hunter. With her parents she came to Oregon in 1889 and settled at Salem. After residence of seven years in Salem the family removed to Summerville where her happy girlhood days were spent.

May 9th 1926 she was united in marriage to Mr. Theibeth A. Choate. The brief married life past happily and quickly by as the young couple resided at the Choate family home. She past to her reward and eternal home June 28th, at 6 p. m. after only a brief illness. Age 20 years 1 month and 16 days. She left to mourn her departure father, mother and brother along with her grief stricken husband and a large circle of relatives and friends. At the age of 16 she professed religion and united with Methodist Episcopal Church which fellowship she maintained till her death. As a child "Ella" was of quiet and gentle disposition. Girlhood and young womanhood were marked by earnest thoughtfulness and sincere devotion to home and friends. In her home-going while still the dew of youth were upon her brow our invaded family circle suffers a painful loss. A place in our heart and home is vacant which can never be filled. We bow in humble recognition of God's will knowing that he is to wise to err and to good to obey mankind. Funeral services were conducted Sat. June 30 in Presbyterian church at Summerville. Rev. L. S. Mochel officiating. Floral tributes were numerous and beautiful.

are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

**Kodol**  
 Dyspepsia Cure

Cures indigestion, dyspepsia, Sour Stomach, Inflammation of the mucous membrane lining the stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.  
 MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.

**UNION COUNTY**

We do not believe that there is another county in the Inland Empire that can show fourteen different industries whose total annual revenue produces an average of \$193,000.00 cash.

The annual report of the State labor Commissioner, places Union County third in the state, in the employment of labor

It requires 194 solid trains of forty cars each to carry the produce of our county to the market, more than a train every other day throughout the year.

"An admirable climate." The past winter only for a few hours did the mercury reach zero. No excessive heat in the summer and our cool refreshing nights cannot be appreciated by the residents of the east until they are permitted to enjoy them.

Our soil is rich and productive. Were we to mention yields they would not be believed. The only way to become acquainted with this "Garden of Eden" is to personal visit this land of diversity, as when you see the crops growing and harvested they speak for themselves.

Our forests will require many many decades of the present activity before they begin to yield and we now have thirty or more saw mills which give employment the year round in the mills and logging camps.

The only sugar beet factory in the state is located at La Grande, the County Seat of Union County with a population of 5,000, progressive wide awake people who extend the glad hand to all. This is the commercial, educational and social center of the county.

La Grande is known as the railroad town of the O. R. & N. Co. whose annual payroll at this place exceeds \$300,000.00. From here the branch road is now pushing through the northern part of this county, on into the Willamette County, starts a freight division, machine shops, round houses, and one of the largest railroad yards on the system, and train dispatchers office. The public schools of La Grande are second to none in cities of this size in this state. We now have three buildings and a fourth, an eight room brick building in course of construction, giving employment to twenty-two teachers. The principal office of the Grande Ronde Electric Co. is located in this city. This Company furnishes power and light for the city of La Grande, Island City, Cove, Union, and the Hot Lake Sanatorium.
