## COVE ITEMS

Work on the Cove Central Railway will be resumed on the 8th despite the dreary dreams of the pessimistic prognosticators.

Miss Olie Chenault, one of the popular grade teachers in Baker City public school, leaves today after a short visit to her home in Cove, for Spokane, where she joins an outing party for the coast.

Wm. Alexander returned home Sunday from St. Elizabeth hospital, in Baker City whither he had been taken 18th ult., and underwent an operation for strangulation in hernia. He is looking well.

One of the loveliest of Cove's young lady ninth grade students, Miss Dorcas Van Schoonhoven, has entered the Oregon Journal's Educational Contest for the purpose of completing her education, winning a scholarship in one of the excellent institutions of learning offered by The Journal being a long step in that direction. As she is the only representative of Union county in the contest, it is hoped The Daily Observer will give its support to Cove's fair candidate.—Ed. Sure.

Dudley Richards, who is at work in Wallawa county for the summer, is at home for the Fourth.

A concert is to be given in the Odd Fellows hall July 8th, by the L. D. S. Quartette of La Grande, on the occasion of the joint session of the Young Men's Mutual Improvement Association. The following Sunday a conference of the Mutuals of the Union stake will be held.

## ECZEMA SKIN RAW AND FEVERISH-ITCHING INTENSE

Eczema is a tormenting, stubborn disease caused by an acid humor in the blood coming in contact with the skin and producing redness, inflammation and almost intolerable itching. An inactive state of the system and sluggish condition of the eliminative members leaves the waste and refuse matter of the body to collect and sour instead of passing them off through nature's channels of bodily waste. The blood in its efforts to purge the system of all foreign matter absorbs this acid and throws it off through the pores and glands of the skin. The acid humor seems to ooze out and set the skin on fire, the straw colored, sticky fluid drying and forming crusts, and the itching is in essence. When these pustules are scratched off the skin is left raw and feverish and often a solid sore is formed and kept up by the constant escape of acid from the blood. Local applications of salves, powders, lotions etc., are desirable and should be used because they allay the itching and give the sufferer temporary comfort, but are in no sense curative, because they cannot reach the seat of the trouble, which is in the blood.

**S.S.S.**  
PURELY VEGETABLE.  
S. S. S. goes down into the blood, cleanses the circulation of all acids and humors, builds up the thin, sour blood and by removing every vestige of the cause cures Eczema permanently. The irritating eruptions disappear, the itching and burning cease, and the acid-fred skin, being fed by a fresh, cooling stream of blood, becomes soft and smooth again. S. S. S. is made of healing, purifying roots, herbs and barks that will not damage any part of the system. Book on skin diseases and any medical advice free.
