### WILL TEST SNAKE RIVER COAL

The Grande Ronde Coal company will bring 200 tons of their product to Lewiston during the summer for the purpose of having the coal tested by Lewiston consumers and arrangements will be made at once for working the properties and freighting the coal to the city by teams says an item from the Lewiston Tribune.

Mr. Vollmer has recently returned from an eastern university where he has made special preparations as a mining specialist and will investigate the Grande Ronde deposit with a view of determining the quality of the coal. Other members of party expect to make investments in the company's stock. Numerous tests have been made with coal brought to the city and all have been of the most satisfactory character. The coal fires easy and makes great heat leaving a clear like ash devoid of clinkers or cinders.—E. O.

Mrs. Garret Oldenberg and daughter arrived in the city yesterday and will make her future home with her husband who is interested in the fruit business in this valley.
