It has been suggested that the next council meeting be held in the opera house.

The President may think he is the center of attraction with his packing house investigation, but he may not have heard of our own little investigation which is taking place in the council.

La Grande may be a little slow but we always manage to get there. We too have a municipal scandal that will be aired all over the world. La Grande needs advertising but it is doubtful if this is the proper kind.

With a better than usual beet crop, an unheard of wheat crop, a fruit yield really bewildering in its magnitude, a splinter new saw mill, a pure juice vinegar factory and a spicy municipal investigation, the world at large should soon discover that La Grande is on the map to stay.

This is going to be a banner building year for La Grande. Did you ever notice that the years during which most building is accomplished, work does not generally commence until along about September. You will find that 1906 will be an active one before the clock strikes the new year in.

The merchant who advertises is the man who can be depended upon to do other things for the advancement of the community, and he is the man who should be patronized. He believes in having good newspapers and he helps make them become better by giving them his substantial support. You will make no mistake in buying goods of the firm which advertises. Umpqua Valley News.

The friends of Mr. Schwab of Steel Trust may say he will try to break into the political game as it is played in Nevada. If he does not have better luck than he did trying to break the bank at Mohite Carlo, he may go broke, for these Nevada republicans have had lots of experience. The gambling element which controls the republican machine in Nevada will welcome such a lavish spender as Schwab and perhaps give him a run for his money. The old Huntington machine, being somewhat out at elbows, will jump at most any "angel" that comes along that can grease its old corrupt wheels and after it is all over the grafters will have the money and Schwab the experience.

CONFIDENCE IN LA GRANDE

La Grande's stability and its reputation for solidity and growth is well known not only at home, but abroad, and is increasing. The future of La Grande has several bright spots that should not be forgotten and La Grande people should talk about about them. Opportunities are developing that should be seized and not allowed to pass to others. Confidence in the future encourages enterprise and whatever we can do to inspire La Grande people to safe investment should be done.

Strawberry growers are receiving \$2.50 per crate for all they can get to market this year. It is always a profitable crop and the wonder is, why is not the acreage increasing. This valley should ship strawberries in car load lots.

Nature's Way Is Best.

The function strengthening and tissue building plan of treating chronic, lingering and obstinate cases of disease as pursued by Dr. Pierce, is following after Nature's plan of restoring health.

He uses natural remedies, that is extracts from native medicinal roots, prepared by processes wrought out by the expenditure of much time and money, without the use of alcohol, and by skillful combination in just the right proportions.

Used as ingredients of Dr. Pierce's Golden Medical Discovery, Black Cherry-bark, Queen's root, Golden Seal root, Bloodroot and Stone root, specially exert their influence in cases of lung, bronchial and throat troubles, and this "Discovery" is, therefore, a sovereign remedy for bronchitis, laryngitis, chronic coughs, catarrh and kindred ailments.

The above native roots also have the strongest possible endorsement from the leading medical writers, of all the several schools of practice, for the cure not only of the diseases named above but also for indigestion, torpor of liver, or biliousness, obstinate constipation, kidney and bladder troubles and catarrh, no matter where located.

You don't have to take Dr. Pierce's say-so alone as to this; what he claims for his "Discovery" is backed up by the writings of the most eminent men in the medical profession. A request by postal card or letter, addressed to Dr. R. V. Pierce, Buffalo, N. Y., for a little book of extracts from eminent medical authorities endorsing the ingredients of his medicines, will bring a little book free that is worthy of your attention if needing a good, safe, reliable remedy of known composition for the cure of almost any old chronic, or lingering malady.

Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic.

The most valuable book for both men and women is Dr. Pierce's **Common Sense Medical Adviser**. A splendid 400-page volume, with engravings and colored plates. A copy, paper-covered, will be sent to anyone sending 21 cents in one-cent stamps, to pay the cost of mailing only, to Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound, 51 stamps.

A LITTLE TALK ON ICE CREAM SODA

NOT BETTER THAN THE BEST BUT BETTER THAN THE REST

To maintain the reputation we have acquired for supplying the needs of our many patrons in every department, a reputation we point to with pardonable pride, we want, now, to advise you that we have opened our soda fountain with a new line of crushed fruits and fruit juice which excel any which we have ever had, and while we may occasionally find a party who has never tried one of our delicious **ICE CREAM SODAS** we find a hundred who have, and do, and always will, because they want the best and appreciate a fine article. We have some new flavors this year which are going to be of universal favor on account of their delicate flavors.
