The crusade for economy in the management of insurance companies, is sure to result in an output of inferior "blotters and calendars."

Union County is going to have a District Fair, and therefore we should begin in time to have a creditable exhibit.

Nowdays we are told everything is "25." That, of course does not apply to the young woman who is positively and permanently 16.

Help is in demand in the beet fields and any man who has even a slight inclination to toil may find an opportunity to do so by calling at the sugar factory.

La Grande will soon have a garbage officer whose business it will be to see that all garbage is removed from the city. This is a move in the right direction.

Since the great earthquake only three persons have committed suicide in San Francisco, while previous to that the average was twelve a week. An earthquake apparently makes the San Franciscans consider life worth living.

Just think of the heartlessness of those school trustees at Wilkesbarre, Pennsylvania, who have made a rule that no teacher in the public schools shall commit matrimony during the school year. Will President Roosevelt approve of this stab at "race suicide?"

The Union Republican advances the hope that "Perhaps Union and La Grande may get together yet." All that is necessary to accomplish this result is for Union to take her position in the progressive grand march and keep step with the other members of the procession. There is room for all, but those who fail to keep up will naturally become separated from those who march to the tune of the music.

If ever lynching were justifiable it would be in the case of those two Arizona men who brutally beat a boy to death because in his Fourth of July enthusiasm he fired a Roman candle too close to them and then, left his maimed and mangled body for more than a week in a shed in the rear of their store. The law can not deal too severely with the perpetrators of so dastardly a crime.—Spokesman Review.

## Deadly Serpent Bites

are as common in India as are stomach and liver disorders with us. For the latter however there is a sure remedy: Electric Bitters; the great restoration medicine, of which S. A. Brown, of Bennettsville, S. C., says: "They restored my wife to perfect health, after years of suffering with dyspepsia and a chronically torpid liver." Electric Bitters cure chills, and fever, malaria, biliousness, lamé back, kidney troubles and bladder disorders. Sold on guarantee by the Newlin Drug Co., price 50 cts.

## STRONG Again

Is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer— weaken, and become diseased.

## Kodol Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

## A LITTLE TALK ON ICE CREAM SODA

NOT BETTER THAN THE BEST BUT BETTER THAN THE REST

To maintain the reputation we have acquired for supplying the needs of our many patrons in every department, a reputation we point to with pardonable pride, we want, now, to advise you that we have opened our soda fountain with a new line of crushed fruits and fruit juice which excel any which we have ever had, and while we may occasionally find a party who has never tried one of our delicious ICE CREAM SODAS we find a hundred who have, and do, and always will, because they want the best and appreciate a fine article. We have some new flavors this year which are going to be of universal favor on account of their delicate flavors. Hoping you will kindly favor us with an early call, so we may show you. We are respectfully,
