COUNTY HIGH SCHOOL

At the election last month the people of Wallowa county voted in favor of the establish a county high school, in accordance with the provisions of an act passed by the last legislature. The county court let it be known that at its July term the institution would be located at that one of the valley towns which submitted the best bid for it. The matter was up for consideration on Saturday last. All the towns had delegations present to present their claims and offers, but as has been usual of late years, Enterprise got away with it, her offer of a \$1000 site and \$1500 in money being considered by the court the most advantageous.

The site selected is on the side hill back of and overlooking the town and the valley, the view from which, taking in the city in the foreground, the beautiful valley, in the middle distance the lofty, snow capped mountains in the background, can not be excelled for beauty and sublimity, in the world.

It is the purpose of the court to erect an ornate and substantial brick building, to beautify the grounds so that they will harmonize with the surroundings, and to maintain a school which will rank with the best of its class in the state.
