Our First Car Of WATER MELONS

FOR THE FOURTH

POTATOES, ONIONS, GABBAGE, and HAY

Our second car of new potatoes is in. These are extra fancy and a little better matured than the first car. We were able to buy these at a lower price and we have reduced the price accordingly.

We have another car of fancy new dry onions, and have regular shipments of cabbage.

We still have a choice lot of hay which we offer at \$12.00 per ton. Also strawberry boxes which we will sell very cheap.

Last, but not least, we offer fancy sweet ripe Water Melons which will be here in a few days. Just the thing for these warm days.

We will buy all the eggs you can furnish us at 22 1/2 c per doz, cash, and we will buy all your other farm produce.

It will soon be time to talk local irrigation projects.

Cherry pickers are in demand. Anyone who will work can find employment in the Grande Ronde Valley.

Irrigation ditches mean more people. We need the people and the people the water. We have plenty of water, but it must be handled with careful attention. The old system will not do now.

La Grande should have a good shady grove in which to hold celebrations, picnics and other gatherings. Why not secure the Proebstel grove, the shade is there.

It seems that Senator Fulton and Sec. of Interior Hitchcock are to renew their personal warfare. This would be immaterial if the state of Oregon did not have to suffer while they were settling their differences.

Thaw refused to plead the insanity dodge for the murder of White and dismissed his attorneys for insisting that he must follow that line of defense. That seems to be the game at present and proposed to establish to the world and especially the jury that will try him, that he acted within the law. This practise of shooting a fellowman without any warning whatever is fading with time and Thaw may wish that he had clung to the advice of his attorneys before he again gains the freedom of fresh air.

Panama canal bonds of the face value of \$50,000,000 bearing 2 per cent interest payable annually, will soon be issued by the government. Notwithstanding the low rate of interest and the option of the government to pay the bonds in 10 years or not more than 30 years after date. Secretary Shaw expects to receive \$1.04 a premium of four cents. While European governments are forced to pay 5 per cent on their loans, the fact that the United States can borrow at 2 per cent and that even then the paper is worth more than par, makes a most remarkable showing. It shows, better than columns of figures or pages of statistics, how this nation stands in comparison with others, not only as to wealth but as to the stability of the government.—Evening Capital News.

Give La Grande made goods the first trial.

In a few days the papers will be teeming with accounts of how the small boy was drowned while in swimming. It would pay each and every town to provide its youthful citizens with a free bathing place. Better spend a little money and save the boys.

FRaises THE MURDERESS

Judge W. H. Upton, of Walla Walla believes that Esther Mitchell, slayer of her brother, George Mitchell, in Seattle was justified. In speaking of the matter to the Walla Walla Union he said:

"It is unfortunate when a man unquestionably deliberately violates the laws of the state and kills a human being in disregard of those laws, is triumphantly acquitted by a jury. Such action on the part of a jury tends to bring all laws into contempt and to substitute the passion and prejudice of the hour for the law, which ought to be our protection as well as the punishment for our misdeeds.

"The report that Miss Mitchell has taken the law into her own hands by killing her brother is only what we may expect if the court and juries refuse to enforce the laws of the land. Mitchell, in killing Creffield, was unquestionably guilty of premeditated murder, whatever justification he may offer for the act. As the law of the courts refuse to recognize that fact, his sister, Esther Mitchell, became the law of nature to execute nature's law. Let us forget the dead and pity the living."

Deadly Serpent Bites

are as common in India as are stomach and liver disorders with us. For the latter however there is a sure remedy: Electric Bitters; the great restoration medicine, of which S. A. Brown, of Bennettville, S. C., says: "They restored my wife to perfect health, after years of suffering with dyspepsia and a chronically torpid liver." Electric Bitters cure chills, and fever, malaria, biliousness, lame back, kidney troubles and bladder disorders. Sold on guarantee by the Newlin Drug Co., price 50 cts.

A LITTLE TALK ON ICE CREAM SODA

NOT BETTER THAN THE BEST BUT BETTER THAN THE REST

To maintain the reputation we have acquired for supplying the needs of our many patrons in every department, a reputation we point to with pardonable pride, we want, now, to advise you that we have opened our soda fountain with a new line of crushed fruits and fruit juice which excel any which we have ever had, and while we may occasionally find a party who has never tried one of our delicious ICE CREAM SODAS we find a hundred who have, and do, and always will, because they want the best and appreciate a fine article. We have some new flavors this year which are going to be of universal favor on account of their delicate flavors. Hoping you will kindly favor us with an early call, so we may show you, We are respectfully,
