Our means and methods of restoring the natural teeth by artificial substitutes have met with the approval of our many patrons; they have stood the test in years past and are readily indorsed by them. When you have extensive dental work done you had better select a dentist who has had practical experience in this branch of the Dental Profession, so that time and experience will insure a satisfactory result, rather than loss of time and money by incompleteness. In bringing ourselves before the public we simply resort to the use of newspapers as a medium for letting the people know where we are and what we are. A visit to our offices will substantiate all of our statements and convince you that we are perfectly responsible, and able to carry out any operation to the desired results.

**STILL ANOTHER LINE**  
 Another trans-continental railroad was launched upon an innocent and unsuspecting public this morning. This is the Mid-Oregon & Eastern Railway Company which proposes to run a line from Portland over the Cascades through the eastern and central Oregon empires and to the Snake river and on into the states of Nevada and California. Incorporation papers were filed to-day in the office of secretary of state. The men in the articles—probably mere figures heads are David Leppert, C. H. Monroe and L. C. Tobias all of Portland. The capital stock of the company is \$13,000,000.

The route proposed is not definitely given in the articles of incorporation but the statement is made that the line will cross the Cascades at some convenient and go through central Oregon to the Snake river, making connections with other trunk and trans-continental lines into the states of California, Idaho and Nevada. It is impossible in this city to ascertain what interests are behind this proposition. It is known that the Gould interests are building a road from Utah to California paralleling the southern Pacific and coming to the California line only a few miles north of Reno. The same combination has a line running from Reno north in Modoc county and it is possible that the same interests are behind this plan.

While this may be only a "paper road" the incorporators evidently expect to get some fun out of it as they put up over \$300 in the coin of the realm to pay the state of Oregon for the incorporation papers.—Pendleton E. O.

**PECULIAR AND PERTINENT**  
 Next to Great Britain Russia has the most profitable postal system which nets over \$20,000,000 a year. The number of marriages registered in Ireland in 1904 was 22,961. The excess of births over deaths was 24,298 but this was more than offset by the emigration of 56,902 persons.

**NOTICE OF STREET IMPROVEMENT**  
 Notice is hereby given, that the City of La Grande will improve Second Street therein, by placing the same on established grade, and properly making all necessary cuts and fills, from the intersection of said street with Grandy Avenue to the North line of C street in said City.  
 That unless a remonstrance signed by the owners of not less than two-thirds of the property abutting said Street between said points be filed with the Recorder on or before the 25 day of July, 1906, said improvement will be made at the expense of abutting property owners.

### HARVEST AT PULLMAN

Pullman, Wash., July 21.—Cutting of fall wheat with binders is now in full blast in the vicinity of Pullman and between here and Colfax. Hundreds of acres of wheat are cut and in the shock. The wheat is uninjured and is of good vitality, the kernels being plump and hard and the heads well filled. Yields of from 30 to 40 bushels are expected.

Wheat is ripening rapidly and by August 1 most of the winter wheat will be cut. Binders and combined machines are being used almost exclusively in this section this year.

There is a scarcity of help and farmers are in town, or telephone in every day asking for men. No sooner does a laborer arrive in town than he is accosted by farmers and asked to go to work. There is plenty of work for almost everyone but engineers.

### ACCIDENTALLY KILLED

Word reached this city Wednesday that a sheep herder had accidentally killed himself near the toll gate. The particulars could not be obtained, but it appears that the unfortunate man had stooped down to drink from a spring when a loaded pistol fell from his pocket and was discharged instantly killing him. The man's name has not been learned but he was herding sheep for Louis Johnson.—Elgin Recorder.

are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

## Kodol Dyspepsia Cure

Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.  
 After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.
