THE IDEAL CITY

Professor Shaw of Vassar College thus defines the ideal city of the 20th century. There is much sense in these few simple specifications, which apply to any town.

A city with clean streets, well sprinkled streets, streets lined with well cared for shade trees.

Streets and roads that are freed from billboards that are a stench to any community.

Vacant lots now used as dumping places turned into attractive squares.

Benches along the road side for weary pedestrians.

Back yards that are visions of beauty instead of eyesores.

Window boxes that brighten dull walls and recreation piers on the banks of rivers.

All these make for patriotism as well as for civic beauty and righteousness.

If it is true that the boy without a playground is a father to the man without a job, we may well shrink from looking at the future. Boys and girls are turned loose on the streets; mischief, vice and crime result, and when these conditions become unbearable we turn to the curfew as a negative means of dealing with conditions that ought never to have existed.

SAVING THE "DROWNED"

A case has been reported by the life-saving service where a man was resuscitated after being under water 25 minutes. From Atlantic City comes a report of a New York business man who was revived after he had been under water 10 minutes. In both cases the resuscitation took a long time—more than a day in the case of the man who had been under water 25 minutes, while the 10-minute man was revived in an hour.

These cases are valuable lessons at this season of the year when the seashore resorts are crowded and drowning is frequently reported. No man should be given up as drowned until he has been worked with 24 hours. Many men and women, especially children, have been given up as dead when immersion under water would have had no permanent bad effect if suitable measures had been promptly taken and long enough continued.

The fruit and sugar beet raisers of Colorado and Utah have served notice on those in Idaho that they are coming to the exposition to be held in Boise during the National Irrigation congress, September 3 to 8, with the in-

tention of carrying away the big prizes. Oregon and Washington have served a similar notice as regards fruit. The Idaho producers are getting busy, and the indications are that if any one of the prizes leave the Gem state the winners will have broken all records as to size, quality flavor and appearance of the exhibits made. The exposition will be attended by the representatives of thirty-eight fruit commission houses of eastern cities, from which the judges will be selected to make the awards. Ex.

Russia's experiment of free government has been short lived, and despotism represented by the mailed hand of General Trepoff, is again in complete control. But the people of that unfortunate country are destined to be free though the struggle may require years and the soil be soaked with the blood of thousands of patriots. It is a last ditch struggle of absolute rule and the harder the czar resists the more complete will be his overthrow at the end.

STRONG Again

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it. Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer— weaken, and become diseased.

Kodol Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

Digests What You Eat

Dollar bottle holds 2 1/2 times as much as the trial, or 50 cent size. Prepared at the Laboratory of E. C. DeWitt & Co., Chicago, U.S.A.

A LITTLE TALK ON ICE CREAM SODA

NOT BETTER THAN THE BEST BUT BETTER THAN THE REST

To maintain the reputation we have acquired for supplying the needs of our many patrons in every department, a reputation we point to with pardonable pride, we want, now, to advise you that we have opened our soda fountain with a new line of crushed fruits and fruit juice which excel any which we have ever had, and while we may occasionally find a party who has not tried one of our delicious ICE CREAM SODAS we find a hundred who have, and do, and always will, because they want the best and appreciate a fine article. We have some new flavors this year which are going to be of universal favor on account of their delicate flavors. Hoping you will kindly favor us with an early call, so we may show you. We are respectfully,

A. T. HILL
