TO NOMINATE JUDICIAL CANDIDATE

(Scripps News Association)
Jefferson City Mo., July 26—The Republican State Judicial Convention of Missouri will meet here this afternoon for the purpose of nominating a candidate for the short term on the Supreme bench and for the transaction of any other business which may come up for consideration. The attendance at the convention will probably be lighter than at the state convention in May when only 65 of the 1,076 delegates were present. It is understood that there are seven candidates for the judicial nomination in the field but it is asserted by well formed delegates that the nomination will probably be offered to Assistant Attorney General John Kennish of Holt county. The Democrats have nominated for that position Judge Waller, W. Graves formerly of the law department of the Missouri Pacific railroad.

PIONEER DAY FOR MORMONS

The Mormons of South Baker and their friends last evening celebrated the fiftieth anniversary of the coming of the pioneers, under the leadership of Brigham Young into the Salt Lake valley. The celebration was held in the Church of the Latter Day Saints. There was a commemorative service of music and recitation. Three honored guests were three of those pioneers who almost sixty years before had dared the awful trip across the plains, that lead to the founding of the rich empire of Utah in the fertile valley of Salt Lake.

The three pioneers were John D. Stark of the Oregon Lumber company's store; Mrs. Sarah Eccles, grandmother of John H. Eccles, and Mrs. Heggie, whose son is employed by the Oregon Lumber company, and who has just recently arrived in Baker from Salt Lake.

The program was made up of singing by the choir of the church, under the direction of Prof. Edwards; graphophone music and a talk by James W. Eardley upon the "Pioneers and their Wonderful Trip Across the Plains."

In the afternoon there was dancing for the children, and in the evening a dance in which the other folks joined. Because of the work of the men the celebration was necessarily held in the evening and the games and sports with which its celebration is marked in Utah were of course impossible.

Pioneer Day to the Mormons is another Fourth of July. It is celebrated in Utah and in points in Oregon, Idaho and Washington, as well as in many of the European countries where there are colonies of the Saints. It is the great anniversary of the church—Baker City Herald.

HORROR UNPRECEDENTED IN THE ANNALS OF HISTORY

Another Macduff Came to Light -- Mother is Dead but Child will Probably Live

(Observer Special)
Maclay, Ore., July 25—An accident occurred at Maclay, about six miles from Salem, Tuesday afternoon, resulting in the death of Mrs. Willard English, and the premature birth of her child, that has, so far as known, no parallel in history. Mrs. English was horned by a cow, her unborn baby torn from her womb, she living half an hour, and was able to walk into the house, a distance of 60 feet. The baby did not receive a scratch, and will probably live.

Mrs. English was standing at the front gate of her home, looking at a 2-year-old heifer, when the animal became enraged at her, gave her horns a quick and powerful toss. Mrs. English was hit in the lower abdomen and was entirely disemboweled. The womb was ruptured, and she fell to the ground. The husband was near by and at once drove the animal away, and assisted his wife to her feet. She walked into the house unassisted, and Mr. English picked the baby up and carried it into the house.

It is the opinion of the physician that had a surgeon been on the spot at the time of the accident Mrs. English's life

might have been saved. Still he thought the woman practically bled to death with in ten minutes after the occurrence happened.

Dr. Morse believes that the baby has as much chance for its life as any baby this hot weather, that has to be nourished exclusively on artificial food.

The child is of the usual size, and would have been born within a week.

Mrs. English was the wife of a young farmer residing near Maclay and was the mother of two other small children. Her maiden name was Olive Geer, but she was not related to the pioneer family of the name residing in the Waldo Hills. She was 23 years of age.

Dr. Morse has been requested to give the medical features of the case, which, he says, are unprecedented in the recorded history of obstetrics, and he will no doubt be besieged to write accounts for various medical journals.

He regards the accident as resulting almost miraculously, as had the horn of the heifer gone a fraction of an inch deeper, the life of the child would have been forfeit.
