ADEQUATE FACILITIES FOR HEALTH

(Scripps News Association)
 Washington, D. C., Aug. 2.—The army medical officers are much pleased with the results of the precautions which have been taken to preserve the health of the troops in the seven concentration and instruction camps, where they are now massed. Some time before the camps were occupied the army surgeons and quarter masters arranged for special apparatus to equip them with hygienic sewerage and water supply departments. The system was a thorough one and involved the purchase and installation of the latest methods of camp conveniences. The results have been observable on every side. There was some criticism of these arrangements on the ground that it would not preserve the element of emergency which would be encountered by troops suddenly ordered into the field. Of course in time of war, the mobilization of a large body of soldiers would have to be at places where the conveniences and comforts were improvised, perhaps in great haste, and with inadequate facilities. It was considered when the situation was fully discussed by the military authorities, however that nothing was to be gained by approaching this incomplete state more nearly than was absolutely necessary. The first condition to be made by the army surgeons was bound to be the preservation of the health of the troops, and it was reasoned that in this respect the dire emergency, with its costly demands upon the individual comfort and hygiene, might profitably be ignored.

AERIES OF EAGLES TO CELEBRATE

(Scripps News Association)
 Worcester Mass., August 2.—The New England aeries of the Order of Eagles are holding their annual field day here today and several thousand members of the order, representing nearly every aerie in the New Eng. States are assembled here to take their part in the great event. The city is crowded with visitors and the hotels are taxed to their full capacity. The Eagles began to arrive yesterday morning and several thousand were in town by evening, when the competitive Jegree drill in which a number of crack teams took part, was held at Mechanics' Hall. After the drill a banquet was tendered to Henry Davis, of Cleveland Ohio, Grand Worthy President.

The events of today opened with a competitive parade this morning which was a great success. A number of valuable cash prizes were awarded to the victorious aeries taking part in the parade. After the parade the marchers went to the Greendale race track, where the field day is now in progress.

An enormous crowd, estimated at more than fifteen thousand people is in attendance. The program of the afternoon includes a long list of track and athletic events for valuable prizes, a sheep bake and a corn roast, music, dancing and addresses.
