In China they are going to introduce trial by jury. The world does move.

After all it wasn't just fair or right for that Maryland sheriff to have to dodge a mob in order to carry out the law and execute a prisoner. The dignity of both the law and the sheriff suffered by the act.

The large crop will tax the ability of the transportation companies to furnish sufficient cars. Last year there was a loud clammer from all sections owing to a car shortage and this year it undoubtedly will be still more intensified.

The Rock Island has opened up a new pass system. Beginning with August, 1906, all engineers who have been in the company service 25 years will receive annual passes for themselves and wives over the entire system; all who have served 10 years annual passes for themselves over the system; those 15 years annuals over their divisions.

The editor who can please every one is not fit for this world, but is entitled to wings. Human nature is constructed so that some like scandal, some don't; some like fakes exposed, others don't; some like the truth told about them, others don't; some like to take the home paper seven or eight years, never miss an issue or pay a cent, and get mad and stop the paper when they get a statement of their account, others don't. It is some consolation to know that the Lord Himself failed to please every one while on earth. Ex.

The first general primaries under the new primary law passed by the last legislature are being held throughout Illinois today. The law is very strict and provides that all those entitled to vote at primaries shall be given an opportunity to cast their votes. This is the first time that a direct vote is cast for United States Senator. Senator Shelby M. Cullion who is running for re-election, has established a record at the present campaign by abstaining from canvassing the State. He did not deliver a single speech during the entire campaign. "If the people are for me" he said, "I will be re-elected, if they are not I won't, that is all there is to it." It is stated on good authority there is little doubt of Sen. Cullion's reelection.

It is said that \$10,000,000 worth of fire insurance now in effect in Oregon is absolutely worthless. Three or four companies which went to the wall following the San Francisco disaster are unable to pay these policies should there be any losses.

The Oregonian tells the people how some of the "first families" of Portland have fleeced that city of millions in years gone by, through franchise steals and similar jobs, and are seeking to hand down the same system to their children. But the people who came west since Oregon was discovered, say no, the "first family" graft is about over.

BIDS FOR UMATILLA IRRIGATION

(Scripps News Association)
Washington Aug 4—The secretary of the Interior asks for proposals for the construction of main and lateral ditches of the distributing system of the Umatilla irrigation project. Bids are to be opened in Portland on October 1st.

OFFER \$1000 REWARD
Small posters have been received by Sheriff Childers from Walla Walla, presenting portrait and description of Cecil Brittan, the small boy who it is believed was kidnapped from Toll Gate, in Umatilla county, July 15th, and offering \$1000 reward if he is returned alive or \$50 for his body.

The little fellow is described as having fair complexion, rosy cheeks, small nose and mouth, light brown hair, round face and head, small feet and hands; has scar on left side of lower lip. He is five years of age, 3 feet, 6 inches tall, talks very plain and is very bright.

The parents are distracted over his loss and ask that any information concerning his whereabouts be sent to R. L. Brittan at Walla Walla.

SPECIAL APPOINTMENT
The Mayo today appointed H. W. Stoner Street Superintendent who will be elected by the council at the regular meeting in September.
F. S. Ivanhoe was appointed attorney temporarily to attend to the city's legal affairs until a regular attorney is appointed. In this connection the Oliver case comes up for trial, having been remanded back from the Supreme court legal for trial on its merits.

EXPENSIVE VENISON
J. H. King, of Portland, and two brothers named Wann, of Salem, were arrested and fined \$26.50 each for shooting deer out of season on the Alsea river. Other arrests for the same offense in that neighborhood are probable.

A LITTLE TALK ON ICE CREAM SODA

NOT BETTER THAN THE BEST
BUT BETTER THAN THE REST

To maintain the reputation we have acquired for supplying the needs of our many patrons in every department, a reputation we point to with pardonable pride, we want, now, to advise you that we have opened our soda fountain with a new line of crushed fruits and fruit juice which excel any which we have ever had, and while we may occasionally find a party who has never tried one of our delicious ICE CREAM SODAS we find a hundred who have, and do, and always will, because they want the best and appreciate a fine article. We have some new flavors this year which are going to be of universal favor on account of their delicate flavors. Hoping you will kindly favor us with an early call, so we may show you. We are respectfully,
