GENERAL NEWS

AS OUR EXCHANGES SEE IT

Mr. Hooper of Midvale has raised 17
crops of peaches in 18 years, and his
success gives him authority to talk of
peaches. He says his orchard is at the
mouth of a cove where there are cool
breezes every night, and no frost. In fact
it takes a freeze to get a frost, he says.
His theory is that cold air of the moun-
tains being heavier than the air in the
valleys, hurts rather than helps the trees
and the fruit. The air in the valleys
heats, he says, and is constantly stirring.
In the valleys the thermometer registers
20 degrees less in winter and summer
than in the mountains, he says. Mr.
Hooper advises against the planting of
peach trees on high or low ground and
advocates planting on medium ground.

The Umatilla-Morrow county fair com-
mission will hold a meeting for the pur-
pose of making further arrangements for
the holding of the district fair in Pendleton
from September 24 to 29.

President Cohen and the other members
of the commission are now seeking a
suitable person to take charge of the
management of the fair, it being the de-
sire to secure some competent man to
serve in the capacity of superintendent.
It is possible a selection may be made
soon.

"Farmers around Prescott are harvest-
ing 50 bushels of fall grain this season,"
said Robert Burns, agent of the O. R. &
N. Spring grain is running pretty light
but as only about 20 per cent of the
acreage was seeded to spring wheat the
loss will be significant as far as the total
yield is concerned.

About \$50,000,000 in cash has been
paid to San Francisco policy-holders to
date by the fire insurance companies.
The larger part of this sum has gone to
wholesale merchants and downtown re-
tail business men and capitalists who
filed early proofs of loss and whose claims
were easily adjusted. A large increase in
payments is expected by September 1,
the additional 60 days given the compa-
nies on account of the extension of
time for filing proofs of loss expiring Aug.
18.

American and English companies have
paid almost all of the \$50,000,000. The
German and other foreign insurance
companies having found, for the most
part, temporary protection from liability
behind the earthquake and other finally-
written clauses.

DRINKS FLY POISON AND DIES

The 2-year-old son of Mr. and Mrs.
McQueen, who reside on West Webb
Street in Pendleton, died last evening
about 9 o'clock from the effects of drink-
ing some fly poison about 2 o'clock in the
afternoon. The bowl containing the
poison was left where the little fellow
could reach it and when discovered he
had swallowed a large portion of the
liquid.

About an hour afterwards a physician
was called who found the baby inclined to
be sleepy, but otherwise in a normal con-
dition. He gave him some medicine to
counteract the poison and went out into
the country to see another patient, think-
ing the baby was in no danger whatever.
Later in the evening, when it was seen
that the baby was sinking, another doctor
was called, but his efforts to save the
child were in vain.

Twenty year battle

"I was a loser in a twenty year battle
with chronic piles and malignant sores,
until I tried Bucklen's Arnica Salve;
which turned the tide, by curing both,
till not a trace remains," writes A. M.
Bruce, of Farmville, Va. Best for old
Ulcers, Cuts, Burns and Wounds. 25c

Only 82 years old

"I am only 82 years old and don't
expect even when I get to be real old to
feel that way as long as I can get Elec-
tric Bitters," says Mrs. E. H. Brunson,
of Dublin, Ga. Surely there's nothing
else keeps the old as young and makes
the weak as strong as this grand tonic
medicine. Dyspepsia, torpid liver, in-
flamed kidneys or chronic constipation
are unknown after taking Electric Bitters
a reasonable time. Guaranteed by New-
lin Drug Co. Price 60c.
