NOT TO MUCH COMPETITION

It is estimated that only about two per cent of the territory of the United States is adapted to apple growing. Furthermore on only one-tenth of one per cent of the acreage of this country can the highest grade apples be produced. There is no danger of overdoing the apple business in Grande Ronde Valley.

The washout near Pendleton has a healthy effect on La Grande's hotel business. "It's an ill wind," etc.

It is only when off on a vacation that some people realize that there is no place like home.

The "Saidoo" cap is fashion's late decree for women's wear. And all the girls, whether they are "23" or not have got to have one.

A Minnesota census taker expresses surprise to find so many women who are no older than they were five years ago. It's a shame to allow a census taker to cover a territory more than once.

Apropos of our "greater American navy," the Springfield Republican remarks: "Six new battleships within the next six months, four more in the six months following and still three more in the six months after that—let no one imagine that the United States will not be a great naval power by 1907. But there are those who never will be satisfied."

A magazine writer says, Speaker Cannon is worth more than a million dollars, and is noted at home as the richest man in his county. One would never suspect this from "Uncle Joe's" homespun clothes his knit "gallusses" and his old-fashioned mannerisms, but President Gompers, of the American Federation of Labor, seems to have suspected it from the speaker's attitude on certain legislative measures.

Some of those Americans who have put good money into gold and iron properties in Northern Siberia now wish they had not, as the prospects for a confiscation by the Czar's officials, on the ground that the crown needs the product, are excellent. It serves them right, as the opportunities at home were even better for the employment of their capital.

That Chicago banker who embezzled a couple of million dollars sunk most of it in ill-advised real estate speculations.

It is needless to say he didn't put any of it into Grande Ronde Valley soil.

Just analyze yourself! Before you make captious criticism of others for what you, in your assumed wisdom, consider their faults, pause and reflect as to your own make-up—mental, social or commercial—and see whether there is not a taint that might place a brand where it would hurt, were some free-lance to get hold of the machinery for putting it on. It is a pretty good idea for most people not to assume virtues they don't possess and to remember the old axiom: "If you live in a glass house, don't throw stones."

A tragic finish

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner, Kenneth McIver, of Vancouver, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold, but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure, at Newlin Drug Co. 50c and \$1.00. Trial bottle free.

A LITTLE TALK ON ICE CREAM SODA

NOT BETTER THAN THE BEST BUT BETTER THAN THE REST

To maintain the reputation we have acquired for supplying the needs of our many patrons in every department, a reputation we point to with pardonable pride, we want, now, to advise you that we have opened our soda fountain with a new line of crushed fruits and fruit juice which excel any which we have ever had, and while we may occasionally find a party who has never tried one of our delicious ICE CREAM SODAS we find a hundred who have, and do, and always will, because they want the best and appreciate a fine article. We have some new flavors this year which are going to be of universal favor on account of their delicate flavors. Hoping you will kindly favor us with an early call, so we may show you, We are respectfully,
