NOVEL PLAN FOR GOING TO JAMESTOWN EXPOSITION

Northfork, Va., Aug 13 Something
now under the sun is the "Water Belt
Line" that has just been projected as
a means of transportation between
the Jamestown Exposition grounds and
the several cities and points of interest
around Hampton Roads and Tidewater
Virginia. The "belt line" on land, by
steam or trolley cars, is a familiar
institution in many cities, but here for
the first time has been organized a
water belt line, boats instead of cars
being used. Mr. H. F. McGarvie, now
of New York, is at the head of the
company. Mr. McGarvie, well known at
former exposition as an originator of
novel concession ideas, on a recent visit
to the exposition cities conceived the idea
of establishing the Water Belt Line.
The picturesque and historic interest of
a water trip to the Exposition grounds
appealed to him, and after a survey of
the territory he perceived the possibilities
of such a belt line and acted promptly
upon the suggestion.

Splendid observation steamers will be
run on this novel route. Each steamer
will carry about 1500 passengers with-
out crowding. A regular schedule of trips
will be made, the boats starting from
Campbell's wharf in Norfolk, touching at
Portsmouth, the Norfolk Navy Yard,
Newport News Old Point Comfort,
Fortress Monroe and other historic points
enroute, and completing the one-way
trip at a fine pier to be built out into
the waters of Hampton roads directly
in front of the Exposition site. Boats will
run every half hour. A unique and
valuable feature of the plan is to issue
coupon tickets on these trips, giving the
passenger the privilege of disembarking
at any or all of the stopping places
mentioned and taking the next boat or
any boat later in the day. This will give
opportunity for seeing all the sights. The
round trip to the Exposition in this
manner will be full of excitement.
These Water Belt Line trips are to be in
no sense on the order of the average
"cheap excursion," where the raffish and
and the bobtail of humanity usually take
possession of the boat; on the contrary
they will appeal to the best class of
people, no liquors being sold aboard and
no rowdiness being permitted.

The "Water Belt Line" is so named be-
cause of the fact that the steamers leav-
ing the company's wharf on their daily
schedule, every hour, will make a complete
circuit of the points of interest in and
about Hampton roads.

Besides the regular trips, the company
is planning to have numerous excursions
to such places as Jamestown Island, York-
town and other points of historic interest

in and around Tidewater, Virginia.

At Yorktown, where Lord Cornwallis
surrendered to George Washington, is a
beautiful monument erected by the gov-
ernment to commemorate the great vic-
tory. There stands the first custom house
ever opened in the United States. The
ruins of the old church built in 1660 are
still to be seen.

Of equal interest is the trip up the
James river, on the way to Richmond, to
Jamestown Island, where the first English
settlement was made. Here can be seen
the ruined church tower and the old grave
yard with its historic tombs and inscrip-
tions. The peninsula between the James
and the York rivers has been the scene
of more bloody conflicts than have occurred
on any territory of similar size in the new
World.

DADDIES DOLLAR

A piece of coin no larger than the
"Dollar of our Daddies" is sufficient to
start a savings account at this bank.

WHEN INTEREST BEGINS

Deposits made in our Savings Depart-
ment either on the first second or third of
any month, draw interest from the first
day of that same month. This applies to
amounts that remain three calendar months
and to large and small depositors alike.

LA GRANDE SCHOOL OF MUSIC

PROF. DAY, PRINCIPAL.
MRS. DAY, ASSISTANT.

This is one of the best musical in-
stitutions in the state, and that
people in this city and valley are
beginning to discover the advantage
of this school. The system is the
latest and most practical, and in-
cludes all the latest discoveries in
the art of teaching music. The
school is divided into two depart-
ments: No. 1 is for beginners from
5 years or more and are taught
the first three grades. Pupils come
one hour each day. This is no kin-
dergarten system but far superior.
In No. 2 the grades are from 3 to
15. Here they graduate. Pupils
take one or two lessons a week as
they desire. No scholars will be
permitted to remain in this school
who do not study.

ECZEMA SKIN RAW AND FEVERISH- ITCHING INTENSE

Eczema is a tormenting, stubborn
disease caused by an acid humor in
the blood coming in contact with the skin and producing redness, inflam-
mation and almost intolerable itching. An inactive state of the system and
sluggish condition of the eliminative members leaves the waste and refuse
matter of the body to collect and sour instead of passing them off through
nature's channels of bodily waste. The blood in its efforts to purge the sys-
tem of all foreign matter absorbs this acid and throws it off through the
pores and glands of the skin. The acid humor seems to ooze out and set
the skin on fire. The straw colored, sticky fluid drying and forming crusts,
and the itching is in ease. When these pustules are scratched off the skin
is left raw and feverish and often a solid sore is formed and kept up by the
constant escape of acid from the blood. Local applications of salves, pow-
ders, lotions etc. are desirable and should be used because they allay the
itching and give the sufferer temporary comfort, but are in no sense curative
because they cannot reach the seat of the trouble, which is in the blood.

S. S. S. goes down into the blood, cleanses
the circulation of all acids and humors, builds
up the thin, sour blood and by removing every
vestige of the cause cures Eczema perma-
nently. The irritating eruptions disappear
the itching and burning cease, and the acid
fired skin, being fed by a fresh, cooling stream
of blood, becomes soft and smooth again. S. S. S. is made of healing, purify-
ing roots, herbs and barks that will not damage any part of the system.
