THE SEASON FOR HUNTING GROUSE OPEN TOMORROW

Study the Game Laws Carefully, Lest You Meet Mr. Warden— Other Wild Fowls in Season Tonight at 12 O'clock.

From twelve o'clock tonight until December first, the life of the grouse will be in constant danger. In anticipation of the open grouse season, lovers of that sport are today lining up before Deputy Clerk Bramwell and by noon today he had issued twenty-four licenses, making a total of three hundred and fifty two for this year, an increase of eighty-three over this time of last year.

Hunters should carefully read the published game laws and summary. A fact that should be remembered in the quail law which is open eleven days in September, also that no one person is allowed more than ten grouse in one day.

Following is a section of the Game Laws of Oregon which should be read and reread before taking down the old musket:

East of the Cascade Mountains (Except County of Wasco): Pheasant, Quail.

It shall be unlawful at any time in that portion of the state of Oregon lying east of the Cascade mountains, to hunt, pursue, take, kill, injure, destroy, or have in possession, except for scientific or breeding purposes, or to sell or offer for sale, barter, or exchange, any pheasant, except native pheasants (some times called ruffed grouse); or to hunt, pursue, take, kill, injure, destroy, or have in possession, except for scientific or breeding purposes, or to sell or offer for sale, barter or exchange, any quail, at any time except between the first day of December of each year and the fifteenth day of August of the following year; or to hunt, pursue, take, kill, injure, or destroy, or have in possession, except for scientific or breeding purposes, or to sell or offer for sale, barter or exchange, any quail, at any time except between the second Saturday in September of each year and the third Tuesday of the same month in the same year; and it shall be unlawful for any person during such open season to kill more than six quail in one day, or more than twelve quail in one week; or to hunt, pursue, take, kill, injure, destroy, or have in possession, except for scientific or breeding purposes, or to sell or offer for sale, barter or exchange, any

ring-neck or Mongolia pheasant or China (torquatus) pheasant, at any time within five years after the passage of this act, or at any time after five years after the passage of this act, except between the fifteenth day of September of each year and the first day of December following in the same year.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated. Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.
