STILL ROOM FOR MORE BUSINESS

The La Grande Milling Company will soon start to grind the 1906 crop of wheat.

The old wheat of last year has been manufactured into flour and this season's crop is beginning to come in, and the quality is A No. 1. In about two weeks the mill will be ready to run.

This mill grinds out one hundred barrels a day. A seventy horse power electric motor furnishes the power. It is now temporarily shut down for repairs, having run steadily since the start on last year's crop, and two-thirds of that time was running day and night. This is only one of the many industries that thrive in and around this community and there is yet room for more.

MAHARA IS HERE

The minstrel show is in the city and will show tonight. The Coons were all here last evening but it was impossible for them to get their scenery through from Pendleton and for this reason they could not fill their date. But it will be just as good tonight.

NO ONE HURT

What might have been a serious accident occurred on Adams Avenue shortly after noon today. A man riding a bicycle attempted to dodge a team and doing so fell in front of another team going at a lively gait. By holding on the neckyoke he saved himself from being run over.

From some cause or another in about fifty feet the buggy wheel broke off and let the buggy down. The bicyclists scrambled out, picked up his wheel and made off.

PERFECTING VERGERE SYSTEM

The vergere telephone construction crews are at work throughout the county and within two months many new subscribers will have been added and the system in general perfected. Four new lines are being run from Elgin to this city and soon the new trunk line will connect Union, Cove, Elgin, Imbler, Summerville and this city. Local manager Crowe was in the city this morning from Summerville and reports that the work of installing new phones is progressing rapidly. When the work of repairing and addition is completed much of the cross talk that is now manifest will be eliminated and subscribers will have an opportunity to talk without the usual "Butting in" of other parties.

JUST BREAD AND WATER PLEASE

R. D. Alexander and Chas. Clark heard the voice of the law this morning for being drunk and disorderly. "The street for you" did not sound good to them and preferred five days on bread and water, but when ever they tire of this diet they can have the best meal the city affords by picking up cobble stones.

AN ATTRACTIVE SMOKE

means a fine cigar. There is a fascination in La Fiore De Hackman's special cigars that is irresistible, even to those who do not use tobacco. It is not hard to account for, however, because it is the highest type of a cigar. Havana, filled, Havana wrapper, hand made. It has many imitators, so be sure and get the real thing.

THE STREET FOR YOU

"Skiddoo" and "23 for you!" have faded away. They no longer stand as the latest in slangdom. To use them is a sign of obsolescence. But there must be something to take every good thing's place, and Recorder Snook has filled this want. It is easier to say too. During the last week he has said it so often that this morning it suddenly become chronic. As above stated its not "skiddoo" or "23" but just simply, "The street for you."

PERRY TAKEN TO HOSPITAL

C. S. Perry the man who was struck by lightning Sunday afternoon on the Wallowa extension of the O. R. & N., was taken to Portland last night to be placed in the hospital. He was very weak and complained of a pain over his heart.

NO STREET FAIR

The committee of business men, who a few days ago started a movement on foot which had for its object an agricultural fair on the streets of this city, has given up the ghost. They found it impossible to execute the formulated plans and if the fair is held at all it will be at the fair grounds. It was no fault of the committee but it was after a thorough canvass that it came to the conclusion that the scheme was impossible this year.
