## EVILS OF MINERS' HOLIDAY

In a recent address before the Miners'  
Institute at Pittsburg, Mr. Fred C. Keigh-  
ley said:

"There are some problems confronting  
mining men today that require prompt  
and vigorous action or serious consequen-  
ces will result. There seems to be a  
tendency of late to observe numerous  
holidays—holidays that had their origin in  
foreign lands and that are of interest to  
foreigners alone. On the other hand the  
holidays of this country are often not  
observed at all. This of itself is a bad  
feature and should not be tolerated for a  
moment. It is an evidence of disrespect  
on the part of these foreigners for the  
land that has so generously, but perhaps  
unwisely, taken them into its arms. They  
may not know this, but they should be  
made to realize that the manner in which  
they observe these so-called holidays is  
an insult to modern intelligence, and the  
losses that through them are entailed upon  
their employers are not only wrongful,  
but a serious offense in the eyes of the  
laws of the land that is so generously  
giving them sustenance.

"No real religion advocates practices  
that work an injury to mankind in general,  
and the observance of foreign holidays in  
the present manner certainly injures the  
mining and manufacturing interests, and  
upsets, in a degree, the business of the  
whole country.

"To my personal knowledge, one soft  
coal mining firm alone has already lost  
several thousand dollars this year by en-  
forced idleness. In the month of April  
the tonnage of this firm fell 15,000 tons  
of coal below the previous month's record.  
The cause was numerous holiday obser-  
vances in April, against one in March.  
Last year the output from this property  
was forced down to a low standard by  
the same cause during three different  
months. This not only meant a loss of  
business, but naturally increased the cost  
of production. Other firms had the same  
experience. Men that wanted to work  
could not work, because there were not  
sufficient men on certain days to warrant  
operating. This is not all; the conse-  
quential losses are considerable, by reason  
of the stopping and holding back of critical  
work.

"The most serious matter of all is the  
fact that after these alleged holidays  
many of the men come to work in a  
dazed and befuddled condition that has,  
in some cases, undoubtedly precipitated  
disaster. The emigrants of late are  
from lands where holidays exceed in  
number the working days and the differ-  
ent nations have different dates for the  
same holidays, making a run of holidays,  
thus bringing disaster to production. This  
evil must be relentlessly rooted out, or  
prosperity will cease to exist."

### Only 82 years old

"I am only 82 years old and don't  
expect even when I get to be real old to  
feel that way as long as I can get Elec-  
tric Bitters," says Mrs. E. H. Brunson,  
of Dublin, Ga. Surely there's nothing  
else keeps the old as young and makes  
the weak as strong as this grand tonic  
medicine. Dyspepsia, torpid liver, in-  
flamed kidneys or chronic constipation  
are unknown after taking Electric Bitters  
a reasonable time. Guaranteed by New-  
lin Drug Co.—Price 50c.

### A Valuable Agent.

The glycerine employed in Dr. Pierce's  
medicines greatly enhances the medi-  
cinal properties which it extracts and  
holds in solution much better than al-  
cohol would. It also possesses medicinal  
properties of its own, being a valuable  
demulcent, nutritive, antiseptic and anti-  
ferment. It adds greatly to the efficacy  
of the Black Cherry bark, Golden Seal  
root, Stone root and Queen's root, con-  
tained in "Golden Medical Discovery" in  
relieving chronic, or lingering coughs,  
bronchial, throat and lung affections,  
for all of which these agents are recom-  
mended by standard medical authorities.

In all cases where there is a wasting  
away of flesh, loss of appetite, with  
weak stomach, as in the early stages of  
consumption, there can be no doubt that  
glycerine acts as a valuable nutritive and  
aids the Golden Seal root, Stone root,  
Queen's root and Black Cherry bark in  
promoting digestion and building up the  
flesh and strength, controlling the cough  
and bringing about a healthy condition  
of the whole system. Of course, it must  
not be expected to work miracles. It will  
not cure consumption except in its earlier  
stages. It will cure very severe, obstin-  
ate, chronic coughs, bronchial and laryn-  
geal troubles, and chronic sore throat  
with hoarseness. In acute coughs it is  
not so effective. It is in the lingering  
coughs, or those of long standing, even  
when accompanied by bleeding from  
lungs, that it has performed its most  
marvelous cures. Send for and read the  
little book of extracts, treating of the  
properties and uses of the several medi-  
cinal roots that enter into Dr. Pierce's  
Golden Medical Discovery and learn why  
this medicine has such a wide range of  
application in the cure of diseases. It is  
sent free. Address Dr. R. V. Pierce,  
Buffalo, N. Y. The "Discovery" con-  
tains no alcohol or harmful, habit-form-  
ing drug. Ingredients all spring from each  
bottle wrapper in plain English.

Sick people, especially those suffering  
from diseases of long standing, are invited  
to consult Dr. Pierce by letter, free. All  
correspondence is held as strictly private  
and sacredly confidential. Address Dr.  
R. V. Pierce, Buffalo, N. Y.  
Dr. Pierce's Medical Adviser is sent free  
on receipt of stamps to pay expense of  
mailing only. Send 21 one-cent stamps  
for paper-covered, or 31 stamps for cloth-  
bound copy.

### LA GRANDE SCHOOL OF MUSIC

PROF. DAY, PRINCIPAL.

MRS. DAY, ASSISTANT.

This is one of the best musical in-  
stitutions in the state, and that  
people in this city and valley are  
beginning to discover the advantage  
of this school. The system is the  
latest and most practical, and in-  
cludes all the latest discoveries in  
the art of teaching music. The  
school is divided into two depart-  
ments: No. 1 is for beginners from  
5 years or more and are taught  
the first three grades. Pupils come  
one hour each day. This is no kin-  
dergarten system but far superior.  
In No. 2 the grades are from 3 to  
15. Here they graduate. Pupils  
take one or two lessons a week as  
they desire. No scholars will be  
permitted to remain in this school  
who do not study.

## ECZEMA SKIN RAW AND FEVERISH- ITCHING INTENSE

Eczema is a tormenting, stubborn  
disease caused by an acid humor in  
the blood coming in contact with the skin and producing redness, inflam-  
mation and almost intolerable itching. An inactive state of the system and  
sluggish condition of the eliminative members leaves the waste and refuse  
matter of the body to collect and sour instead of passing them off through  
nature's channels of bodily waste. The blood in its efforts to purge the sys-  
tem of all foreign matter absorbs this acid and throws it off through the  
pores and glands of the skin. The acid humor seems to ooze out and set  
the skin on fire, the straw colored, sticky fluid drying and forming crusts,  
and the itching is intense. When these pustules are scratched off the skin  
is left raw and feverish and often a solid sore is formed and kept up by the  
constant escape of acids from the blood. Local applications of salves, pow-  
ders, lotions etc, are desirable and should be used because they allay the  
itching and give the sufferer temporary comfort, but are in no sense curative,  
because they cannot reach the seat of the trouble, which is in the blood.

## S.S.S.

PURELY VEGETABLE.

S. S. S. goes down into the blood, cleanses  
the circulation of all acids and humors, builds  
up the thin, sour blood and by removing every  
vestige of the cause cures Eczema perman-  
ently. The irritating eruptions disappear,  
the itching and burning cease, and the acid-  
fired skin, being fed by a fresh, cooling stream  
of blood, becomes soft and smooth again. S. S. S. is made of healing, purify-  
ing roots, herbs and barks that will not damage any part of the system.
