Beaver creek so remote and unmolested has suddenly been brought into the limelight and from now there will be subject matter and heated discussion galore.

Ninety Russian soldiers shot with ball cartridges at Grand Duke Nicholas the other day and all missed him. After all has not the world been giving the Japanese too much credit for whipping these sort of marksmen? And they were "sharpshooters" at that.

Conventions held in the state of Illinois have started a terrific boom for Cannon for President. Other states too have added a noise to the already noisome racket and should President Roosevelt remain firm to his former statements that he will not accept the nomination, it appears that Uncle Joe will be the choice of the Republicans.

President Diaz of Mexico settled the labor trouble on the border between United States and Mexico with a few words. "If a Mexican is fully equal to perform his work along the side of an American he should receive equal wages, and I will recommend that he does."

A man's a man for a' that" said Robert Burns and he did not exclude the Greaser.

The city of La Grande is about to enter into a three-year contract with the Grande Ronde Electric Light Company. May the council do its work well. The contract as presented to the council at its last meeting had several flaws, among which was the specification that the city officials must call the attention of the company to any disorder in the lighting system. The light company is getting paid for the lighting of the city and let them furnish their own inspector.

A College training tends to improve and develop character. The effort to obtain an education will strengthen your will and cultivate habits of self control; growth in knowledge will promote self-respect; contact with others who are devoting themselves to the culture of their minds and hearts, will awaken your moral purposes and uplift your ideals and make you more independent. There is no honest labor too menial for the young man or boy to pursue in order that he can secure that college training. Don't lay back and think you know it all because you have had a glimpse of the rudiments of a higher education.

Did you ever stop to think that it is only a question of a few years until the annual encampment of the G. A. R. will be a matter of history and not actual. The present encampment at Minneapolis is demonstrating that the men and boys who once carried the old musket and suffered hardships during the Civil war, are fast approaching an age that forbids of more national encampments. Even all the precautions imaginable had been adopted, several old soldiers, dropped dead or died from exhaustion, away from home and families. But encampments or no, long live the memory of the Grand Army of the Republic.

NOT BETTER THAN THE BEST BUT BETTER THAN THE REST

To maintain the reputation we have acquired for supplying the needs of our many patrons in every department, a reputation we point to with pardonable pride, we want, now, to advise you that we have opened our soda fountain with a new line of crushed fruits and fruit juice which excel any which we have ever had, and while we may occasionally find a party who has never tried one of our delicious ICE CREAM SODAS we find a hundred who have, and do, and always will, because they want the best and appreciate a fine article. We have some new flavors this year which are going to be of universal favor on account of their delicate flavors. Hoping you will kindly favor us with an early call, so we may show you. We are respectfully,
