**THE COLOR OF WATER**

It was long ago discovered that the natural color of pure water is blue, and not white, as most of us usually supposed. Opinions have not agreed on the cause of the green and yellow tints; these, it has been discovered by W. Spring are due to extraneous substances.—Scientific American.

"The boy can become a good man by becoming a good boy—not a goody-goody boy but just a plain, good boy. I do not mean that he must love only negative virtues also. 'Good' in the largest sense should include what ever is fine, straightforward, clean, brave and manly. The best boys I know are good at their studies or business, fearless, stalwart, hated and feared by all that is wicked and depraved capable of being aught but tender to the weak and helpless. A healthy-minded boy should feel a hearty contempt for the coward, and even a more hearty indignation for the boy who bullies girls or small boys who torture animals.—Roosevelt in the Little Chronicle.

Vice-President Fairbanks, a cabinet officer 16 United Senators, 24 members of congress, 21 governors of states will compose the largest assembly of distinguished public men that ever honored a session of the National Irrigation congress. This number has already accepted invitations to the Boise congress which meets September 3 to 8 and the list will receive a number of additions by the time the congress convenes.

The Cannon boom for president may interfere with the Roosevelt boom that has been so persistently pushed throughout the west. Cannon has spent nearly half the ordinary span of life in congress but what he has accomplished for the people during all these years would not fill a book.

It is surprising to some people to learn that Cuba spends so much money on itself that the necessary revenue is greater than Weyler squeezed out of her taxpayers. The difference is that most of it is spent on the island.

Fruit shippers anticipate a shortage of cars this season on account of the large crop to be moved.

A correspondent writing from the City of Mexico says Mexico is a bad place for moneyless men. It would be interesting to learn where this side of the New Jerusalem there is a good place for moneyless men.

The latest definition of optimist is given as a man who does not care a what happens, so that it does not happen to him.—Ex.

The young mother thinks, when she has completed the baby garments that are to clothe the little form. But she is not all ready for baby's coming, unless she has done something more for the baby than merely to prepare his clothes. Many a young mother who goes through hours of pain and suffering wonders why it was not possible to prepare in some way for the baby's advent, and to avoid the agony that seemed almost unendurable. Dr. Pierce's Favorite Prescription is the one medicine for women which prepares them perfectly, both for the burdens and pleasures of maternity. It prevents the morning sickness from which so many women suffer. It strengthens the whole body, so that there is no nervousness nor anxiety. It promotes a healthy appetite and causes refreshing sleep. It gives the mother strength for her trial and makes the baby's advent practically painless. Healthy mothers have healthy children, and it is the general testimony of those who have used Dr. Pierce's Favorite Prescription as a preparative for motherhood, that the children were healthier and happier than those born after months of mental misery and physical anguish on the part of the prospective mother.

Sick and ailing women are invited to consult Dr. Pierce by letter absolutely without fee or charge. As chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., Dr. R. V. Pierce, assisted by his staff of nearly a score of physicians, has in the past thirty years and over treated and cured more than half a million sick and suffering women. The testimonials of these cured women are on record. A large number of them were cured when doctors had pronounced a cure impossible and after enduring years of useless suffering.

Let no sick women hesitate to take advantage of Dr. Pierce's offer, but write at once and so secure the professional counsel of a specialist in the diseases of women, entirely free. All correspondence strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

**Hoped for Death.**

"For the sake of poor suffering women, I feel it my duty to inform you of the great benefit your medicine has given me," writes Mrs. Cattie Bowles, of Watts, Fredell Co., N. C. "I was in a most miserable condition when I wrote to you. I had uterine disease so bad I could scarcely walk and suffered such dreadful misery I hoped to be relieved by death. You wrote to me to take your 'Favorite Prescription' and I have taken eleven bottles of it, and two of your 'Pleasant Pellets.' I am entirely well and feel like a new woman. I feel thankful to God and to Dr. Pierce for the blessings I now enjoy. I have a fine big boy, two months old and never got along as well in my life. I can't praise your medicines enough."

**Very Thankful.**

"I will be very glad to say a few words for Dr. Pierce's Favorite Prescription," writes Mrs. J. S. Douglas, of Mansonsville, Broome Co., Quebec. "During the first four months when I looked forward to becoming a mother I suffered very much from nausea and vomiting and I felt so terrible sick I could scarcely eat or drink anything. I hated all kinds of food. At this time I wrote to Dr. Pierce and he told me to get his 'Favorite Prescription' and a bottle of 'Golden Medical Discovery.' I got a bottle of each and when I had taken them a few days, I felt much better, and when I had taken hardly three parts of each bottle I felt well and could eat as well as any one, and could do my work without any trouble. It could not do any thing better. I feel very thankful to Dr. Pierce for his medicine and I tell all who tell me they are sick to get these medicines or write to Dr. Pierce."
