[Republican]

Wire is being strung this week for a private telephone line from the office of the O. R. & N., at the depot, to the Central Railroad office in Union.

Wm. Kirk this week bought the Fisher place in North Union, formerly the Thos. Adams place, and will occupy it himself. Mr. Fisher will move closer down town and expects to go into business here.

Saturday was railroad pay-day, and several thousand dollars were scattered around among the employees of the company in this section. The construction of the railroad is doing much to help this place this summer—a fact that our people fully realize. The Central is all right.

Deputy Game Warden John Ladd is of the opinion that there is much infraction of the game laws in this county, yet he finds it very difficult to apprehend those persons who do unlawful things along that line. Mr. Ladd finds it impossible to be everywhere at the same time.

Much of the land being entered is timber land, but a large proportion is also homestead land, showing that bona fide settlement is going on constantly. Considerable agricultural land is also found within the forest reserves, and much of this is being entered this season. Taken altogether, this is as busy a year as has been experienced for a number of years.

SCOUT

Hiram Clay, whose right hand was severely injured last week, has been in St. Vincent hospital in Portland since the 2nd inst. He is now able to use the hand which is now nearly well. There will be no permanent injury. His family expects him home in a few days.—North Powder News.

G. W. Prillman was thrown from his wagon last week and had his side and back badly bruised and wrenched. It will be some time before he fully recovers.

The Oregon Construction company has moved its pile driver to near the Hutchinson dam on Catherine creek and work has begun on the first bridge for the Central Railway. It will not be very long now until the steel gang follows.

Lester Graham was badly hurt by a fall from a tree while working for the Vergere Telephone company, about six miles east of Union. The lad fell about 50 feet and it was remarkable that he was neither killed nor maimed for life.

WALLOWA CHIEFTAIN

The Vergere Telephone line is now completed to town and the local exchange has been installed in the office of the Hotel McCrae. Mrs. Chas. Hug, of Elgin, has charge of the office.

Mr. and Mrs. Chas. Melquist, accompanied by their friends Mrs. Newell and daughter from Portland, passed through this city Monday evening enroute home from a camping trip to the lake.

Dr. McKennon, of Parksville, Ark., is in town this week visiting his niece, Mrs. C. A. Vurpillat. He is accompanied by his brother-in-law, J. M. Barry of La Grande, who has been showing him around the valley. The doctor is very well pleased with the country, but says it looks rather odd not to see fields of cotton.

The O. R. & N. surveying party, who have been camped near the mouth of

PLACING THE MIKADO'S BANNER

(Scripps News Association)
 London, Aug. 18.—Garter King-at-Arms Sir Alfred Scott-Gatty visited St. George's Chapel, Windsor Castle, the other day and placed in position the banner of the Emperor of Japan as a member of the Order of the Garter, the insignia of which he was invested with a few months ago by Prince Arthur of Connaught on behalf of the Sovereign of the Order, King Edward. The banner bears a chrysanthemum in gold on a scarlet ground with a gold fringe. The banners of the King of Wurtemberg and the Crown Prince of Sweden were also placed in position.

TO STOP SMUGGLING OF ARMS

(Scripps News Association)
 London, August 18.—Though the Foreign Office the Board of Trade has received a copy of a note from the Russian Ambassador to the effect that the clandestine importation into Russia by sea of arms, ammunition, and explosive, was assuming considerable proportions, and the ordinary customs vigilance was no longer sufficient to check it. In conformity with an article in the Russian Code, which provides that in case of necessity the vessels of the Russian Navy should co-operate with the Customs authorities for the discovery and seizure of contraband, the Russian Government had decided to reinforce the ordinary surveillance of the Customs in the Baltic Sea and its gulfs by means of Russian war vessels empowered to inspect and effect the arrest of suspected ships.
