## WILL HELP THE FRONT ROW GIRLS

Cleveland, O., Aug. 21—According to a report received here from the east yesterday, John D. Rockefeller has under consideration a proposition to endow a home for chorus girls to the extent of \$100,000. The project, it is said, was planned by Miss Marie Cahill, the actress, and through a clergyman acquainted with Mr. Rockefeller she contrived to present the matter to the oil king. His donation was conditional on a like amount being raised by Miss Cahill and those interested with her. The home will serve as a place where chorus girls will be trained and educated for their work, and also a home should illness or age prevent them from continuing their profession.

### VOLIVA ASKS ZION TO PRAY FOR DOWIE

Chicago, Aug. 21—Further evidences of peace negotiations between John Alexander Dowie and Wilbur Glenn Voliva and his followers came out at two meetings held in Zion City yesterday. It was Dowie's day at the tabernacle, but the First Apostle failed to appear, although it was announced from hour to hour that he would soon be there. Deacon A. Errington represented Dowie and declared that the deposed leader would give to the public in a few days a statement of his side of the controversy.

For the first time since the differences arose between Dowie and Voliva, the general overseer prayed for Dowie and asked the people to do the same. They were asked to pray that Dowie be guided aright in any step he was about to take.

### DOESN'T LOOK LIKE IT

Much has been said and written about the passing of the horse, and that the automobile was to take his place in nearly everything, but it would seem that such talk was very premature and the Trotter and Pacer gives an instance where such does not appear to be the case. It says: "The proprietor of one of the largest department stores in New York is building one of the finest stables in the world for his delivery service. It is five stories high and will accommodate 300 horses. He has tried the motor vehicles and decided not to increase his holdings therein. He says that an electric machine costs 10 times more than a horse and is not one-half as reliable, while the services of a chauffeur cost \$25 a week, and he is not willing to deliver parcels, so that an extra man is required. There is no question that the horse is passing—more deeply into public favor."—Spirit of the West.

### WHERE DID HE FALL?

Senator Bard of California was once conversing with a Jesuit brother at the Georgetown university, when he told this story illustrative of the fine humor of Archbishop Ryan of Philadelphia:

The archbishop had rebuked a priest for wearing a most disreputable-looking hat. "I would not give this hat for 20 new ones," said the priest. "It belonged to my father, who fell in the rising of '48." "Ah," was Archbishop Ryan's retort, "evidently he fell on the hat."—Harper's Weekly.

### AN ATTRACTIVE SMOKE

means a fine cigar. There is a fascination in La Fiere De Hackman's special cigars that is irresistible, even to those who do not use tobacco. It is not hard to account for, however, because it is the highest type of a cigar. Havana filled, Havana wrapper, hand made. It has many imitators, so be sure and get the real thing.

### A CHURCH NOVELTY

Illustrated songs in churches are a novelty, and if they become popular they will undermine one of the strongest features in the vaudeville houses.

This specialty was sprung on the congregation of the Taylor-Street M. E. church last night by Rev. F. Burgette Short, D. D. Needless to state, the minister made an instantaneous hit with his audience, which applauded him in a way which entitled him to an encore, an honor of which he did not avail himself.

Dr. Short gave an illustrated lecture on the Tissot paintings, and during the course of the evening he suddenly astonished his congregation by breaking into song. "The Holy City" was his selection, and he rendered it in a manner which would cause most illustrated balladists to turn green from professional envy.

This lecture will be repeated in two weeks for the benefit of those who could not get into the church last night. Next Sunday Dr. Short will give an illustrated sermon on Sheldon's "In His Steps."—Evening Telegram.

### A NEW DYNAMO

The Elgin Light & Power Company will shortly install a new 2400 light dynamo to take the place of the one now in use, which has a capacity of 500 lights only. It is expected to be in working order by September 15 or before. This shows a commendable spirit of enterprise on the part of Mr. Spencer and associates, also their confidence in Elgin's future. They are men, too, with shrewd business heads that rarely make mistakes.—Elgin Recorder.
