General Blacksmiths. We manufacture The Fitzgerald Roller Feed
Mill, the best and cheapest mill on the market. Our shops are
equipped with machinery to handle any sized work, nothing too large
or nothing too small. Highest prices paid for old cast iron.

TRY TO ATTEND NATIONAL IRRIGATION CONGRESS

Boise, Aug. 27.—The various committees
in charge of arrangements and entertain-
ment for the National Irrigation congress
have practically completed their work
and this week will see Boise ready to re-
ceive and care for the thousands of visi-
tors and delegates coming to the congress.

The number of delegates will break
all records, and the attendance from the
east and middle west will be larger than
any previous session. There are a num-
ber of reasons for this. The Irrigation
congress is the only national gathering to
be held west of the Rocky mountains this
year, for which the railroads have made
special rates. Those who have contem-
plated a trip to the west have waited to
take advantage of the cheap rates given,
and the liberal time allowed for seeing
the country.

Vice-president Fairbanks will arrive at
1 o'clock on the morning of September 3.
Governor Hanley of Indiana has appointed
94 delegates from among the most prom-
inent citizens of that state, who will
comprise the vice-president's party, and
this has served to attract a great deal of
attention to the occasion. It is expected
that sufficient delegates and visitors will
be brought together at Chicago to make
up a special train.

Arrangements have been made at
Denver to organize a special train for the
delegates arriving from the Missouri
river points, Texas and the southwestern
states. Utah and Nevada will furnish
enough visitors to complete a train at
Salt Lake, and Washington, Oregon and
California people will come in the same
manner. This will relieve the congested
condition of the regular train service
and insure comfortable transportation
facilities.

A house to house canvas of the city
has been made by the committee on ac-
commodations and ample sleeping ar-
rangements have been provided for at
reasonable rates. Rooms will range at
50 cents, 75 cents and \$1 for each per-
son, and the restaurants and hotels will
maintain ordinary prices for meals. A
number of temporary restaurants will be
conducted during the congress, serving
home cooked meals at popular prices.

On Monday evening a public reception
will be given in honor of the vice-presi-
dent and other distinguished members of
the congress, when all will have an oppor-
tunity to meet Idaho's guests of honor.

Four splendid bands will furnish music
in all sections of the city, furnishing
entertainment for the visitors at the dif-
ferent places where the people will assem-
ble. Attractive entertainments will be
provided by the different theatres, afford-
ing something to suit the taste of all.

For the entertainment of the delegates
to the congress, the Boise Symphony
orchestra will give a symphony concert
taking place on Wednesday evening,
September 5. This organization consists
of 60 professional and high-class amateur
musicians under the leadership of Prof-
essor M. Christensen, director, and Prof-
essor C. O. Beach, concert master. A
classical program will be rendered, with
Mrs. F. H. Brandt, as soloist.

The exposition of the products of irriga-
tion will be the highest fair of the char-
acter ever held in an irrigated country.

The committees in charge of this fea-
ture has been allotted \$4,000 pavilion and
decorations, which has enabled it to carry
out the very elaborate plans of the
architects. The exposition will be held
on Eighth street, occupying more than
two blocks. The street is paved with
brick, which will be sprinkled and kept
free from dust. The pavilion will arch
the street, with booths along the center
and on each side. Green and white
decorations will be used in profusion, and
1600 electric lights will furnish illumina-
tions. Fruits, grains, grasses sugar
beets and other products are coming in
car load lots, and the most spirited
competition will prevail among the ex-
hibitors from the various states for the
magnificent sterling loving cups to be
awarded. The Payette Melongrowers'
association will give away cantaloupes to
all delegates on a day apart for this fea-
ture.

Sixty of the most prominent men in the
United States identified with irrigation
and correlated subjects are on the program
for addresses.

NEWLIN DRUG COMPANY.

A tragic finish

A watchman's neglect permitted a
leak in the great North Sea dyke, which
a child's finger could have stopped, to be-
come a ruinous break, devastating an
entire province of Holland. In like man-
ner Kenneth McIver, of Vanceboro, Me.,
permitted a little cold to go unnoticed
until a tragic finish was only averted by
Dr. King's New Discovery. He writes:
"Three doctors gave me up to die of lung
inflammation, caused by a neglected cold,
but Dr. King's New Discovery saved my
life." Guaranteed best cough and cold
cure, at Newlin Drug Co. 50c and \$1.00.
Trial bottle free.

MERCURY A DECEPTIVE TREATMENT

Mercury and potash are very deceptive treatments and the blood poison
sufferer who depends on them for a cure is sure to be disappointed. These
minerals will remove the external symptoms and shut the disease up in the
system for a while, but the trouble will surely return and the loathsome
symptoms of sore mouth and throat, copper-colored spots, falling hair, sores
and ulcers etc., will be accompanied by the disastrous effects of the
treatment. The continued use of these strong minerals will completely ruin
the health and weaken the system to such an extent that the original
disease often becomes incurable and sometimes fatal. Mercury
and potash eat out the delicate lining of the stomach and bowels,
destroy the gastric juices, producing chronic dyspepsia, cause mercurial
Rheumatism, salivation, and where they are taken in large quantities cause
necrosis or decay of the bones. S. S. S. is the only remedy that can cure
Contagious Blood Poison surely and safely. This remedy of nature, made
entirely of roots, herbs and barks, antidotes and destroys the powerful virus
of the disease and by purifying the blood of every particle of the poison and
enriching and strengthening this vital fluid it removes every symptom
and leaves the body in a strong, healthy con-
dition. When the blood has been purified
with S. S. S. the cure is complete, and not one
vestige of the poison is left for future out-
breaks. Do not waste valuable time, and dam-
age your health with the mineral treatment,
but cure your case with S. S. S., an absolutely
safe remedy. We offer a reward of \$1,000 for proof that S. S. S. contains a
particle of mineral. Book with instructions for self treatment and medical ad-
vice without charge. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**
