# CHAMPIONS GOVERNMENT OWNERSHIP

(Scripps News Association)

New York, Sept. 1.—Mr. Bryan will not retreat from his position that the federal ownership of the railroads is the solution to the transportation problem.

Enroute from Bridgeport today, after reading the papers he expressed surprise that his speech should be taken as a dictation to the party. He said that he tried to make it plain at the time that he only expressed his own personal opinion, that he had not consulted any of the leading Democrats and did not know what they thought. He refused to comment on what "Prominent" Democrats might have said. He stated that he was a firm believer in the government ownership of the railroads but had no desire now to comment on what others may say. He prefers to discuss the issue in his own way and hopes in time to give his views in every section of the country.

Kenneth McNeil was taken for Bryan's secretary and someone told Bryan that Vice-President Fairbanks had said that he was too poor to keep a secretary since the rate bill passed. Mr. Bryan said that McNeil is not his secretary but Fairbanks will not get any sympathy from me. There are plenty of other Republicans in his fix. I believe in equal sympathy for all, special sympathy for none.

Jersey City, N. J., September 1.—There is great excitement among the Democrats of this city over the visit which William Jennings Bryan will pay to Jersey City today. For several weeks, ever since the receipt of the letter in which Mr. Bryan accepted the invitation of the Democrats of this city, preparations have been going on for this event and now everything is in readiness and awaiting the arrival of the guest of honor. According to the program Mr. Bryan, who spent yesterday at New Haven and Bridgeport, Conn., will arrive here about half past five o'clock this afternoon. He will be received upon his arrival by a large committee of leading Democrats of Hudson County, headed by Robert Davis, Charles C. Black and other Democratic leaders. He will first be escorted to the Robert Davis Association Club House on Bergen Ave., where he will be the guest of honor at a select dinner party. There Mr. Bryan will also receive a number of prominent Democrats from different parts of the State. Shortly after seven o'clock Mr. Bryan and the members of the reception committee and other inparts of lower Jersey City. Democratic organizations from all parts of the State will be represented in the carriage parade and fireworks will illuminate the path along the enroute.

The first stop will be made at Elk's Hall, where Mr. Bryan will deliver an address of about forty-five minutes. Then he will drive to St. Peter's Hall, where he is expected at about nine o'clock.  
According to the program arranged Mr. Bryan will return to New York City immediately after his second address, to attend a dinner which the newspapermen of New York have arranged in his honor at the Waldor-Astoria.

### COAL DEALERS WITH RAILROADS

(Scripps News Association)

Toledo, O., September 1.—The new regulations adopted by the Toledo Car Service Association went into effect today, notwithstanding the protests of the coal dealers of this city. According to the new rule the coal dealers are allowed only 24 hours after notice is served on them of the arrival of a car in Toledo to order the switching of the same and only 48 hours in which to unload it. Failing to comply with this ruling, the coal dealers will be obliged to pay a fine of \$1 a day as demurrage charge on each car. The coal dealers consider this new arrangement a hardship and have taken their spite out of the consumers by raising the price of coal.

### CUBAN SUGAR CROP

The production of sugar in Cuba for the crop year of 1905-6 aggregated 655,000 tons of 2240 pounds each, compared with 804,800 tons in 1904-5.

### NEW GRAIN RATES GO INTO EFFECT

(Scripps News Association)

Chicago, Ill., Sept. 1.—The new railroad transportation rate on grain which was agreed upon by the Western trunk lines last month, went into effect today. Under that new arrangement the rate on wheat from Kansas City to Baltimore is 22 1/4 cents, on corn, 21 1/4 cents. This rate to Gulf is fixed at 17 1/4 cents for wheat and 16 1/4 cents for corn. While the rates to the seaboard from Omaha are identical with the tariff from Kansas City, the gulf quotations from Omaha are 18 1/4 and 17 1/4 cents respectively. Under this new arrangement Chicago grainmen can buy the Western grain, bring it to Chicago for rehandling and reship it to the seaboard on an equal footing with Missouri River points.

### INTERNATIONAL EXHIBITION

(Scripps News Association)

St. John, N. B., Sept. 1.—The annual International Exhibition, which will remain open until Sept. 6, was opened here today under the most favorable auspices. It is considered the biggest exhibition ever held in Eastern Canada. The agricultural exhibit is larger than ever before. There are also a number of special features of great interest, like an automobile show, a bench show, a display of airships and of wireless telegraphy, not to mention the usual attractions in the form of races, concerts and other forms of entertainment.

### SCHUYLER-LAWYER WEDDING

(Scripps News Association)

Washington, D. C., Sept. 1.—The wedding of Montgomery Schuyler Jr., and Miss Edith Lawyer, daughter of the late Dr. W. P. Lawyer of this city will take place this afternoon. Mr. Schuyler represents one of the oldest and most prominent families of New York, and his mother is the head here of several patriotic societies. Since January last year Mr. Schuyler has been the United States Secretary of Legation and council general at Dangok Siam. He has been transferred to Bucharest, Rumania and immediately after his wedding will start with his bride for that place.

### HELP YOUR SELF

When labor is scarce, wages are high. Whether you are employed in the production of La Grande sugar or not, labor that labor that it does employ, makes less idle men in the valley. There is not a man in Union County who will work, that can't find plenty to do at good wages and much of this condition is due to the labor employed in the production of the La Grande Sugar.

As a result, jobs are plentiful and wages are high for all classes of work. The man who works can afford to be loyal to his own interests and are home products, whose production is largely responsible for the high standard of wages that he is receiving the benefit of. La Grande Sugar is made at home and Union County labor is always given the preference in its production. Ask your grocer for the only sugar made in Oregon and take no other.

### DRP COUNTY WENT "WET"

A good story is being told by visitors to Newport, in Lincoln county which went "dry" at the last election. Two weeks ago, while bathing in the surf a woman fainted and was brought to the shore. Before she was fairly out of the water, by actual count, eight bottles of whiskey had bobbed up serenely and their contents proffered as a resuscitator. When the unfortunate woman was revived and her friends attempted to find the owner of the bottle which had been accepted, not a man, woman or child who owned a bottle could be found by the sad sea waves.

### SICK MAN SEEKS A SUCCESSOR

The sultan of Turkey, Abdul Hamid, is seriously ill and apparently his health is so broken that he may not recover. The sultan is very radical and repressive in his ideas on government and is seeking to arrange for a successor who will continue the heartless policy of his own reign. The heir presumptive is his brother, Mohammed Rechard, but the sultan considers him all too liberal. So a plot is said to have been arranged through the Mohammedan chiefs to disinherit the brother and have him declared incapacitated and the sultan will then proclaim his seventh son, Mohammed Burham-Eddine, who was born in 1865, successor to the throne. The latter is a man after the sultan's own heart and far be it from him to become a reformer.

### ANOTHER APPLICANT

Chas. Melquist, formerly a saloon man of Lostine, is circulating a petition in South Elgin precinct to present to the county court, asking for permission to sell spirituous liquors in less quantities than one gallon at the new town of Minam.—Elgin Recorder.

### GENERALLY HOLDING

Walla Walla, Sept. 1.—J. S. Smith, representing the Kerr-Gifford company, has bought 30,000 bushels of wheat based on 69 cents for club and 61 cents for bluestem. Farmers generally are holding for a better market.

### APPLICATIONS FOR DIVORCE

Mrs. Susan White has filed notice at the court house asking that she be forever released from matrimonial relations with her present husband Jay White. The complaint alleges that the defendant is dissipated and idle and fails to properly support the plaintiff.

Orson C. Wixom has asked the circuit court when it meets next term to forever remove the matrimonial relations at present exist between him and his wife Mrs. Nora Wixom, on the grounds that she is not dutiful and ceaselessly scolds and abuses the plaintiff. He affirms in the complaint that she has committed abhorration against herself. His life has been burdened to such an extent that he was obliged to leave his home in the evenings, in order that he might be free from the furious onslaughts she makes on him.

Mrs. Mary Biggers has commenced action to secure a divorce from Dr. G. W. Biggers, alleging desertion. She also asks for \$10,000 as her proportion of the property.

Mary McFalls has filed a complaint against her husband Chas. C. McFalls which asks the circuit court to sever her matrimonial connections with the defendant Charles C. McFalls. The complaint alleges that when the plaintiff was about to give birth to a child, he failed to supply her with necessary care, that repeated times at Walla Walla and Pendleton the husband attacked her with dangerous weapons and threatened to kill her. He also, according to the complaint, keeps the company of low and vile women. Also he has accused plaintiff of committing adultery with other men. The complaint specifies that while at Pendleton, McFalls hit his wife on the head with a china cup. While sick and unable to leave her bed, the man brutally attacked her and beat her about the face. The plaintiff states that she has been a dutiful wife to Mr. McFalls since 1885 at which time they were married. There are three children to the unhappy couple.

### DON'T COURT BATTLE

(Scripps News Association)

Havana, Sept. 1.—The government troops are pressing Guerra closely. Guerra, the leader of the revolting forces, gives no indication that he wants to risk a battle and eludes his pursuers, apparently with ease and harrasses their flanks and rear.

### WALLA WALLA POLITICS

It is said the Boxers at their meeting Wednesday night organized a club, which they agreed to call the Hamilton club. A better name would be the Aaron Burr or the Benedict Arnold club, as these men are plotting to betray Senator Ankeny while professing to be his friends and supporters.—Walla Walla Union.

### MISSIONARY MEETING

The Woman's Home and Foreign Missionary Society of the Presbyterian Church held its regular meeting at the home of Mrs. Ramsey, yesterday afternoon. Mrs. Brenholts had charge of the program for the afternoon.

At the close of the program Mrs. Kirk in a few well chosen remarks presented to Mrs. Rolt Eakin a beautiful hand embroidered lunch-cloth, a gift from the society to Mrs. Eakin as a token of the high esteem and appreciation in which they hold her. This will be Mrs. Eakin's last attendance at the society of which she has been a faithful and active worker, prior to her departure to her new home in Salem.

### WALLA WALLA FRUIT IS BAD

F. A. Huntley, state commissioner of horticulture, has returned to Tacoma from Walla Walla. "I found the condition of Walla Walla fruit to be very bad," said Mr. Huntley. "There is a large infection of the codling moth and, what is worse, there has been practically no inspection of the fruit. When I was there the city and county authorities agreed to support the fruit inspector and went on record by ordinance and resolution to that effect. This means that we can now enforce the state law and the public will know that what comes out of Walla Walla fruit is fit for use."—Athens Press.

### SALT PRODUCTION

According to census figures, the total value of salt produced in the United States in 1905 was \$9,457,600, an increase of nearly \$1,600,000 over 1900. This output represents 148 establishments. Enormous quantities of salt are used on farms, in butter making, salting hides, for live stock, etc.

### GOOD YIELD

### DIED PENNILESS

Michael F. Dwyer, the most famous race track bettor America ever produced is dead at New York. He died penniless, though he was once a millionaire.

### AVERAGE YIELD

Harvest is in full blast in this section and the whistle of the threshing machine engines can be heard in every direction. An average yield is reported everywhere.—Elgin Recorder.
