EUGENE CITY WATER IS PERFECTLY PURE

A committee of three physicians from the Lane County medical society completed an analysis of several samples of Eugene city water and found every one that was taken after the water had passed through the filters to be absolutely free from bacilli. One sample taken from the river and another from the washings off the filter were found to contain bacillus subtilis, which is not dangerous.

The people of Eugene are very much gratified over the results of recent analysis of the water and now feel certain that such an epidemic of typhoid fever as existed here last winter will never recur. —Oregon Journal.

(Scripps News Association)
Lincoln, Neb. Sept. 5.—Elaborate preparations are made for the reception and entertainment of William Jennings Bryan, when he returns to his home city next week. The exact date of his arrival has not yet been fixed, as there is still some uncertainty concerning his movements after leaving Chicago. Originally the arrival of Mr. Bryan was set for today, but it became necessary to postpone the date, probably until next Monday or Tuesday. Governor Mickey will deliver the welcoming address and Mayor Brown will also deliver an address. There will be a big parade and afterwards a meeting and reception at which Mr. Bryan will deliver an important address.

Lincoln, Neb. Sep. 5.—The greeting which awaits the arrival of Bryan this evening is in striking contrast to that which was tendered him six years ago. The town is aflame with patriotic colors. Pictures of Bryan regardless of party affiliations are displayed everywhere. Hundreds of horsemen will escort the party from the train to the public grounds where he will be welcomed by Governor McKee and Mayor Brownson. Every town in the state has sent a delegation to be present at his home coming.

Says the Trusts Would Rather Have Bryan than Roosevelt

(Scripps News Association)

reporter that at dinner with Bryan at Belfast, Croker told him in her presence that it was his intention to return and fight and vote for him. Among other remarks Croker said: "If Roosevelt is re-nominated, Bryan will be elected. The trusts are sore on Roosevelt. They would rather have a Democrat in the White-house than Roosevelt."

Piotriski, Democratic candidate for the state treasurer today replied to Bryan's declaration, that no candidate was entitled to Democrat support, if connected in any way with Sullivan. CUBAN SENATORS RESIGN

(Scripps News Association)
Havana, Sept. 5.—The revolutionists are demanding a new election. To pacify their demands without bloodshed, three liberal senators and eleven congressmen resigned their positions today. This was done to allow a new election and the condescending so'ons thought that by taking these steps the desired end would be reached. Others have seen the feasibility of this scheme and have declared their willingness to follow the example set by those already retired.

OYSTER BAY SOCIETY IS UP IN ARMS

(Scripps News Association)
Oyster Bay Sept. 6.—The village is threatened with disruption by class distinction which has been growing every since one of our villagers became president. Christ's Episcopal church on Saturday and Sunday celebrated their two hundredth anniversary. All of the country was expected to assist, now it is announced that "admission by card" is the cause for revolt. The villagers say that since the President has been attending the church, so many rich New Yorkers went to church in order to rub elbows with the President is the reason that such a change has taken place. It is thought the President has no connection with the exercises whatever that if he would speak a word on the vital subject that would settle it.

CAR STRIKE ABOUT SETTLED

(Scripps News Association)
San Francisco, Sept. 5.—Following their offer of arbitration on all points of dispute the striking carmen this morning are prepared to go to work on the first indication that the company is willing to accept their proposition.

The company made no attempt this morning to operate their cars with imported strike breakers who were expected to take the cars out. President Calhoun, of the United Railroads, has not yet signified his intentions, but his previous promise that he would arbitrate indicates that the company will accept the proffered term to return today. There is a general feeling that the strike is to be settled.

CALHOUN STATES TERMS

President Calhoun insists that the striking men return to work before the company accepts the proposed plan to arbitrate. He does not incline to recognize the union and will have no dealings with them until they again become his employees.

CORNELIUS ACCEPTS CONDITIONS

Cornelius, president of the carmen's union, said that there would be no doubt but what all of the unions out on the strike would accept the recommendations of last night's meeting and that they would return to work and then arbitrate.
