# CHAOS AND DISORDERS CONTINUE

Washington, Sept. 13.—The state department advises today indicate that an attack upon Havana is imminent. Private dispatches, it is understood, fully confirm the press reports of the conditions during the approaching chaos. No apprehension is felt here as the government is fully able to quickly restore order if force is needed. Five thousand regulars encamped at Chickamauga, could be embarked at Tampa within thirty-six hours and ready to sail.

## BROOKLYN LOSES THE INDIANA

(Scripps News Association)  
Brooklyn N. Y., Sept. 13—In the changes which are necessary in sending ships to various navy yards for repairs the Brooklyn Navy Yard is destined to lose the United States battleship Indiana, which has always been regarded in the distribution of ships to the yards as belonging to the yards at Philadelphia, when it is necessary to make periodical repairs or alterations from time to time. The Navy Department is now at work on the schedule for repairs, and will announce shortly the ships to be sent to the Navy Yards for docking, cleaning and such improvements and changes as are recommended. These repairs will not be undertaken until after the ships have finished target practice off the New England coast. As soon as the repairs are made the Atlantic fleet will be recognized, so as to include the new ships which have been commissioned and which are now on their "shaking down" cruises. The fleet will go next winter to Southern waters, as it usually does in that season, and there will be early in the new year the annual target practice on the Southern Cuban coast. It has been decided not to have this take place again in home waters in winter, as the facilities are better in the West Indies. This will be a serious blow to Pensacola interests which have always prospered by the presence of the ships.

## A Refractionist of Uncommon Ability Makes Examination Free

Dr. W. H. Keating, the eye specialist of Salt Lake, is being kept busy. Many people are taking advantage of this noted specialist's visit here to have proper glasses fitted. The doctor grinds every pair of glasses he fits, insuring a perfect fit, and those who have gotten glasses from him consider his charges very reasonable. The doctor is not a stranger in the city as he has been making his yearly visits here for the last five years. The doctor guarantees any glasses fitted by him to be entirely satisfactory and we can vouch for the fact that he is thoroughly reliable.
